

Name of School/Organisation	Project Title	Aim of the Project	Funding from the Trust
St John the Baptist School	Community Vibe	To increase young people's participation in music in the Kingfield area of Woking through the provision of innovative, relevant music technology which appeals to young people not traditionally associated with school based music making	£16,977
Satro	Scientific Surrey - Inspiring the next generation of scientists, engineers and mathematicians in Surrey schools and colleges	To provide a coherent range of events and programmes that inspires and enthuses young people about Science, Technology, Engineering and Maths (STEM).	£25,000
Tandridge Education Partnership	Chinese For All in Tandridge	to introduce the teaching and learning of Mandarin Chinese in our schools from Year 5 (pupils aged 9-10) upwards.	£20,000
Ashcombe school {on behalf of Surrey CC}	Surrey-Putuo Partnership	To continue and develop the established links between Surrey state-funded schools and Putuo District, Shanghai	£25,000
The Ridgeway Community School (in conjunction with SPAN)	Leading Excellence in Autistic Practice (LEAP)	To provide training for teachers across special and mainstream schools and Colleges in approaches to support students with Autistic Spectrum Disorder	£15,000
St, Mary's Infant School Shackleford	A Community Cookery Room / Facility	To provide an accessible, fully fitted, bespoke cooking area for our children and the community to use	£25,000
The Vale Primary School	Assertive Mentoring Training	The Vale Primary school will host an Assertive Mentoring Training course led by Peter Boddy and attended by Leaders from schools in the Epsom and Ewell Confederation (and other Surrey schools should there be available places).	£1,650
Grayswood Church of England (aided) Infant School	Forest School	to become a Forest School. Forest School is an innovative educational approach to outdoor learning focused through play, exploration and discovery. It gives children the opportunity, over repeated visits, to engage with a woodland environment to develop skills of leadership, organisation, collaboration, problem solving and resilience.	£5,418

Name of School/Organisation	Project Title	Aim of the Project	Funding from the Trust
CVQO	Reaching out to under-achieving young people in Surrey	provide a training opportunity for young people who are members of one of the uniformed cadet organisations (army cadets, air cadets, sea cadets, St John Ambulance cadets) across Surrey, aged 13-15.	£10,000
Walton Leigh School	Radio Show Education Project	This project provides that as well as support from staff at the radio station who have experience of working with special educational needs and who can spend time working with our teachers to create a bespoke package which can address the wide range of needs of our students.	£5,350
West Hill Teaching School & Research for the SPAN group	Researching a new Pedagogy for teaching children with SEN.	Two year Research Project across all County Special and PRU provision;	£20,208
North West Surrey Short Stay School	GASP Motor Project	The GASP Motor Project provides hands-on 'AQA Unit Award accredited' courses in basic motor mechanics for young people (14 - 19 year olds), in Surrey and the surrounding areas. The programmes provide an alternative learning facility for at risk/marginalised young people with a focus on those who are disaffected / under-achieving and at risk of becoming NEET, and those with special educational needs (SEN).	£9,000
Wonersh and Shamley Green Church of England Infant School	"Woods, Water, Weather, Wonder and Wi-Fi!"	to set up an electronic weather station to collect data about climate change. We would set up bird box cameras to record the activities of birds and mammals in the woods. We will improve our Wi-Fi to extend to outdoor learning. We would like to purchase a set of 10 ipads and a MacBook so that the children can use these for researching plants and animals in the woods and also for taking photographs and videos. This will impact a range of NC subjects (e.g. science, maths, geography, storytelling, art).	£2,000

SGA	Supporting Governing Bodies of schools just above Ofsted Category 3, where they cannot afford to pay for the course (eg small infant schools)	To be able to offer a Chair of Governor training course to the Chair, or prospective Chair, of a school that cannot afford the additional cost of this training, perhaps because they are a small infant school. While those schools in lower Ofsted categories will be supported with this training if they are subject to the School Improvement Support from County, schools that are just outside the requirements of this support (as determined by their Oversight Reviewer) do not qualify for additional funding. The aim is to offer the training course, to schools that meet the criteria, to help them improve their governance.	£7,000
Stanwell Fields C of E Primary School	Education for All Learners	We propose to redevelop our old Art room to make smaller learning environments for classes and parents to learn key skills such as ICT and EAL. This will include developing our current EAL team to be able to provide enhanced support to children and their parents. Enhanced training will be sought for our EAL team and resources for the teaching space will need 6 laptop computers, 6 ipad/tablets, an Interactive Whiteboard, software including advanced translation programs.	£25,000
Local Safeguarding Children's Board	Chelsea's Choice	We would like to show the play "Chelsea's Choice" to all Secondary Schools in Surrey. "Chelsea's Choice" is a hard -hitting 35 minute long applied theatre production. It is an innovative and powerful production highlighting the very serious and emotional issues of child sexual exploitation.	£25,000
Westfield Primary School	Animation Week	The project will involve one or more outside agencies coming in to work with the children (and their teachers) on animating a piece of writing, using a variety of animation techniques and equipment. The children will be involved in writing stories and scripts and will have to design and make characters and settings/backdrops for their animation.	£3,000
Sandfield Primary School	Developing an innovative and bespoke creative arts programme for EAL pupils	The school would like to explore more innovative and diverse means of development of language and socialisation of EAL pupils by providing a wider range of creative arts' activities and experience in a tailored music, dance and drama programme.	£18,090

Name of School/Organisation	Project Title	Aim of the Project	Funding from the Trust
Linden Bridge School	SCERTS approach in Surrey Autism Practice	This project will further develop excellence in Autism practice across the range of Surrey Provision. The SCERTS approach provides a comprehensive assessment and planning framework which encompasses and complements existing Autism practice such as TEACCH or the new Surrey model LEAP (Surrey Leading Excellence in Autism Practice) It is a research based approach to assessment and education programme planning.	£16,000
Ashley C of E Primary School	Exploring the Nature of Harmony: Teaching Resources for a Joined-up Approach to the New National Curriculum	to enable young people to begin to understand the order of nature and to explore ways to work and live in harmony with it. We want young people to see that this harmony is made possible by the efforts of both individuals and communities to live sustainably. We hope that by creating these curriculum resource materials and by providing accompanying teacher development support, that the classroom experience of young people will be improved and enriched.	£24,000
SATRO	extended work placements carrying out STEM research projects	To provide a chance for students aged 16+ to experience undertaking a real research project in science, engineering, computing or maths.	£14,300
SATRO	Scientific Surrey 2014 – Inspiring the next generation of scientists, engineers and mathematicians in Surrey schools and colleges.	to provide a coherent range of events and programmes that inspires and enthuses young people about Science, Technology, Engineering and Maths (STEM) in Surrey.	£25,000

Tandridge Education Partnership (TEP)	Tandridge Youth Council - Dreams and Wishes	To bring together all the children and young people who currently live in Tandridge and/or attend Tandridge Schools for a single aspirational project for 2014. This will be where every young person attending our schools will be asked for one dream and one wish. Something they want to change and improve and something they want to see happen in the future. We will then collate their responses and put together an aspirational document/ book for our borough and our schools/ communities.	£2,500
Prior Heath Infant School	Science resources to support a weekly lunchtime club	This would allow children to: <ul style="list-style-type: none"> enrich their learning in Science with particular reference to use of the outdoor environment by rotating six weekly themes including weather/water and climate change, solar power and sustainable energy and living processes, bio diversity and health. To use latest developments in science to offer extended quality science learning and opportunities to learn about science in relevant, real-life contexts. 	£900
The east to west Trust	School Based Relational Support Work	The Relational Support Worker works hand in glove with the school, focusing on student well-being. The Relational Support Workers deliver over a 12 month period: 2062 hours of 1:1 support and 1757 hours of support groups; addressing the issues that are affecting the student's participation in school and aspiration for life. These issues ranging from Family Breakdown to Self-esteem, Anger Management and Anxiety in each of the 7 schools.	£19,382
