

Surrey Heath Neighbourhood Prevention Local Service Specification
--

Definitions:

- **NEET** young people are those who are '**Not in Education, Employment or Training**'. They are in year groups 12-14 (aged 16-19) and have had at least one period when they were out of education or work during the 2011-2012 Academic Year (Sept 2011 - Aug 2012);
- **RONI** young people are those who have been identified as '**At Risk**' of becoming **NEET** when they leave school (aka **RONI**) are in year groups 8-11. These young people have been identified by Services for Young People in collaboration with schools. They will exhibit a number of NEET indicators, such as being Looked After or a Child in Need, involvement with crime or anti-social behaviour, low school attendance or fixed term exclusions, or having a learning difficulty or disability.

Key local services/commissions.

There are three key strands to Services for Young People commissions and Providers will be expected to link between these commissions:

- **Centre Based Youth Work** – Delivers universal and targeted provision to all young people. Also works with the RONI cohort.
- **Youth Support Service** – A one-to-one case management service supporting young people who are NEET, in the Youth Justice System, Child in Need and homelessness.
- **Neighbourhood Prevention Grant** – Providing preventative services to RONI young people.

The priority for the Neighbourhood Prevention Grant in Surrey Heath is to prevent young people from becoming NEET by supporting young people in academic years 8-11 to reduce their risk factors and increase protective factors for those who are identified as being most at risk of becoming NEET.

Prevention activities should be co-produced with young people and delivered in the local community. Preventative services must demonstrate high-quality delivery and a focus on meeting the individual needs of young people identified as being at Risk of NEET (RONI). There were 185 young people NEET in Surrey Heath and 200 identified as at risk of NEET (RONI's) in 2011/12.

Key characteristics for the Neighbourhood Prevention Grant.

Neighbourhood Prevention activity must take place outside the school day and be delivered from premises other than the Youth Centres in Surrey Heath which are located Bisley, Frimley Green and Old Dean. Initial contact can be made in schools.

Based on the knowledge of local need the Surrey Heath Local Committee Task Group identified the following neighbourhoods as being in need of this type of provision. Providers must deliver from one or more of these areas:

- James Road Estate
- St Michaels
- Old Dean Estate
- Brookleys Estate, Chobham (including Turf Hill Lane)
- Heatherside
- Lightwater
- Bristow Road Estate
- Frimley
- Mytchett & Deepcut
- Gypsy and Romany Traveller (GRT) sites at Swift Lane and Chobham

The Task Group has identified the following areas of need which projects should address with the overall objective of removing barriers to Participation in Education, Training or Employment (PETE):

- Young People with Learning Difficulties or Disabilities (LLDD) – Support for LLDD young people with attending special educational needs schools to anticipate their needs moving forward towards PETE.
- Travellers - Support for GRT young people to access provision and to move towards PETE.
- Teenage Pregnancy - Projects to prevent teenage pregnancy and projects which support teenage parents (mums and dads) to remain in education.
- Mental Health – Projects to support young people with mental health needs, poor social skills, low self esteem, aspirations and motivation.
- Drugs and Alcohol - Support for young people where substance misuse is impacting on their future employability and resilience to remain in mainstream education.
- Military Families – support for young people from military families living in Surrey Heath.

The Task Group has identified a need for projects, which fulfil the following key criteria:

- Projects must be preventative and demonstrate a strategy for promoting the project and engaging young people. Use of alternative media to communicate with young people is desirable.
- Projects which offer young people highly developed role models, and mentoring opportunities to support them to develop social enterprises and be involved in business and/or volunteering.
- Projects must work alongside the Supported Families Programme, Youth Support Service, Surrey Police, and create links with Youth Centres.
- Projects must deliver during the school holidays (in particular the Summer, Easter and half-term holidays), weekends and evenings to young people in addition to term-time out of school hours.
- Projects should have a focus on working with young people around relationships in the broadest sense (e.g. friendships, peer, family and personal relationships).
- Providers should form strong links with local schools and existing alternative education/training provision, including non-statutory education services ensuring that they take account of current provision in the Borough.
- Projects should not duplicate existing provision within the Surrey Heath area and should be local, accessible, flexible and enhance or add value to existing services.
- Projects which offer young people practical training and the opportunity to gain core skills.

Bids will be scored by their ability to meet the above needs and deliver in the geographic areas listed above.
