MOBILE TECHNOLOGY – ACCEPTABLE USE

Use of mobile technology (mobiles, BlackBerries, etc.) in meetings can:

- Interfere with the PA and Induction Loop systems
- Distract other people
- Interrupt presentations and debates
- Mean that you miss a key part of the discussion

Please switch off your mobile phone/BlackBerry for the duration of the meeting. If you wish to keep your mobile or BlackBerry switched on during the meeting for genuine personal reasons, ensure that you receive permission from the Chairman prior to the start of the meeting and set the device to silent mode.

Thank you for your co-operation
