

County Council Meeting – 11 May 2010

ANNUAL REVIEW OF POLITICAL PROPORTIONALITY - 2010/11

Report of the Chief Executive

1. The Council is asked to formally review the proportional political allocation of places on committees and to adopt a scheme of proportionality for the Council year 2010/11.
2. The Local Government and Housing Act 1989 requires local authorities to review committee membership and political representation annually.
3. By law seats on committees must be allocated in proportion to the political composition of the Council. Only with no Member voting against can an authority decide that it wishes to adopt an arrangement other than a proportional one.
4. The number of seats of each group on the Council and the resulting percentages are as follows:

Conservative	Lib/Dem	Labour	RA/Ind
56	13	1	10
70%	16.25%	1.25%	12.5%

NB: The Local Government (Committees and Political Groups) Regulations 1990 require a constituted political group to be two or more members and, therefore, Labour cannot be considered a political group.

5. In determining the allocation of seats on ordinary committees, the proportion that each political group forms of the total membership of the Council is applied to the total number of elected Member seats on each committee. Fractional entitlements of less than one half are rounded down and entitlements of one half or more are rounded up. So that this process of rounding does not result in advantage to one political group, the aggregate membership of all the ordinary committees must also be in line with the proportions on the County Council.
6. With that in mind a scheme of proportionality for 2010/11 is attached at Annex 1.

RECOMMENDATION

That the committee sizes and scheme of proportionality be adopted for 2010/11 as set out in the scheme attached at Annex 1.
