

NHS Activity Focused on Epsom General Hospital (EGH) as of August 2008

Lead Organisation	Name of its current Programme/ Activity	What is the programme/activity designed to achieve?	Public consultation needed
Epsom and St Helier Hospital Trust	Turnaround Plan	This is an ongoing internal programme of service improvement looking at opportunities to deliver improvements in service quality and productivity. For example reducing the length of patient stay, improving theatre scheduling.	No
Epsom and St Helier Hospital Trust	Safe & Sustainable Services Review	An earlier review of surgical services at EGH has been implemented. Maternity and Paediatric proposals are now being taken forward as part of the Maternity and Paediatrics Review (see box below)	Yes
Epsom & St Helier University Hospitals Trust Surrey PCT, Merton & Sutton PCT	Reviewing Maternity & Paediatrics	This is a review of maternity and paediatrics to identify how services might be delivered differently in a clinically and financially sustainable way. This has now been assimilated into the broader <i>Assuring Access for Epsom and the Surrounding Area</i> programme being led by Surrey PCT (linked to the <i>Fit for the Future</i> work).	Yes, expected in Autumn 2008
Epsom and St Helier Hospital Trust	Denbies proposal for Epsom Hospital	ESHUTrust is working with the Department of Health and London SHA to explore options for working with the Denbies (Charitable) Trust. Denbies owns the Denbies Wing, which includes the A&E unit, and wishes to turn EGH into a national centre of excellence for cardiac care whilst retaining a range of local services for the community.	Not expected

Other NHS Activity affecting medical Services to the residents of Epsom and Ewell as of August 2008

Lead Organisation	Name of its current Programme/ Activity	Current status	Public consultation needed
Sutton & Merton PCT, ESHUT	Better Healthcare, Closer to Home	This is a programme focused on Sutton & Merton (Not Epsom) tasked with developing business cases for local care centres, which are based on doctor's surgeries, and the redevelopment of the St Helier site (which means it affects residents in E&E who use St Helier).	Not expected
London Primary Care Trusts	Healthcare for London – inc. St Helier Services	There are no immediate implications for E&E. The outcome of Healthcare for London proposals will provide strategic framework for London PCT planning decisions (not Surrey).	NA
Surrey PCT with PBC and local stakeholders	Fit for the Future - EGH services	Surrey PCT has established the Assuring Access for Epsom and the Surrounding Area Board (previously the Epsom Programme Board), comprising a number of health professionals and others to look at the health needs and the requirements of the local population.	NA

ESHUT - Epsom & St Helier University Hospitals Trust
