

Forward Programme – schedule for reports

Guildford Local Committee 20 January 2005

KEY ISSUE

The ongoing Forward Programme for the Local Committee for 2004/5.

SUMMARY

The Forward Programme is initially set by County Hall and this report sets out the possible sequence of Decision-making, Service Performance or Advocacy reports for the remainder of the municipal year of 2004/5.

As with last year's Forward Programme, the Committee are asked to consider those local items and issues that it wishes to include in the Forward Programme. Early indications would help officers to investigate, consult and prepare any additional reports.

OFFICER RECOMMENDATIONS

That the Guildford Local Committee should:

- 1) Agree the Forward Programme, as outlined in Appendix 1.
- 2) Consider and indicate further preferences for inclusion in the Forward Programme, 2005/6.

1 Introduction and Background

- 1.1 The Forward Programme of the Local Committee is revised at each Committee meeting. Members are requested to propose any additional items for inclusion on the Programme. Officers are then required to investigate and consult with the appropriate services, partners or other

agencies on the purpose, content and timing of future reports. As these negotiations are concluded then items are added to the Programme.

- 1.2 Although there is just one more Local Committee for the current municipal year, Members are asked to identify those issues and reports that they wish to see included in the next municipal year, 2005/6.
