

## **PETITION RECEIVED**

**Local Committee for Mole Valley  
8 December 2004**

### **KEY ISSUE:**

These additional petitions have been received since the last meeting of this Committee. The petition is regarding safety on the C57 Tapners Road, Leigh.

### **SUMMARY:**

Petition received is as follows and is summarised in the attached Annexe A:

Petitioners from Leigh are requesting that traffic calming measures outside The Plough Public House, Tapners Road are constructed, following the recent fatal accident at the location.

**Annexe A**

**SUMMARY OF THE PETITION RECEIVED**

<b>Received from:</b>	<b>Petition Comments</b>	<b>Engineers Comments</b>
<p>The residents of Leigh and Area (192 signatures)</p>	<p>The residents of Leigh are requesting that traffic calming measures are constructed outside The Plough Public House, Tapners Road, Leigh.</p>	<p>As with all fatalities, a Police investigation of this incident is underway. This takes a number of weeks, following which a coroners report will be produced. The Police will feedback all relevant information to the Local Transportation Service at the next Accident Working Group that is scheduled for December 2004.</p> <p>One of the most effective means of reducing speeds is usually by installation of physical measures, however there is less desire generally across the County on the part of residents and users to have this type of scheme installed especially as most schemes require the installation of street lighting, which to our knowledge, the majority of the community have always been opposed to.</p>
