

**EAST SURREY HIGHWAYS LOCAL TRANSPORT PLAN  
2007-2008 PROGRAMME**

**SURREY COUNTY COUNCIL'S LOCAL COMMITTEE FOR  
REIGATE AND BANSTEAD**

**4<sup>TH</sup> JUNE 2007**

**KEY ISSUE:**

To consider the Local Transport Plan schemes to be progressed in 2007/08 and the application of Local Allocation for Reigate and Banstead, which forms part of East Surrey Highway Services overall improvement programme.

**SUMMARY:**

On 20<sup>th</sup> March 2006 the Local Committee approved a five-year forward programme of Integrated Transport capital schemes, based on a priority scoring system that met the objectives of Surrey County Council's Local Transport Plan (Congestion, Accessibility, Safety, Environment and Maintenance - **CASEM**). The Local Committee endorsed this system at the meeting.

This report details the proposed Local Transport Plan programme for 2007/08 taking into account the second Local Transport Plan (LTP2) integrated transport scheme priority system, discussions with County Members at an East Area LTP2 workshop held on 28<sup>th</sup> March 2007 and progress on the 2006/07 schemes.

The list of schemes presented in Annex A form part of the five year plan of schemes submitted to the Local Committee on 20<sup>th</sup> March 2006 and are proposed due to their priority ranking over other schemes within the programme.

**OFFICER RECOMMENDATIONS:****The Local Committee is asked to agree:**

- (i) The programme of Local Transport Plan funded integrated transport schemes for Reigate and Banstead for progression in 2007/08 as set out in Annex A.
- (ii) The application of Local Allocation for highway schemes for Reigate and Banstead for progression in 2007/08 as set out in Annex A.
- (iii) That authority be delegated to the East Area Group Manager, in consultation with the Chairman, Vice Chairman and local elected Member(s) to advertise any necessary traffic regulation order(s), to consider any objections received and subject to those objections make the associated order(s) deliver the schemes in (i) and (ii) above.
- (iv) That the East Area Group Manager be authorised to determine any objections received in response to statutory notices in consultation with the Chairman, Vice Chairman, and the local elected Member(s).
- (v) That authority be delegated to the East Area Group Manager, in consultation with the Chairman and Vice Chairman in relation to any amendments to the 2007/08 scheme list, as a result of changes in available funding following the closing of the 2006/07 accounts.

## 1 INTRODUCTION

- 1.1 On 20<sup>th</sup> March 2006 the Local Committee approved a five-year forward programme of Integrated Transport capital schemes for the second Local Transport Plan, based on a priority scoring system that met the objectives of Surrey County Council's Local Transport Plan (Congestion, Accessibility, Safety, Environment and Maintenance, known by the abbreviation **CASEM**). The Local Committee subsequently endorsed this system at this meeting.
- 1.2 This report details the proposed Local Transport Plan (LTP) improvement programme for 2007/08 taking into account:
- (i) The second Local Transport Plan (LTP2) scheme priority system,
  - (ii) Discussions with County Members at an East Area LTP2 workshop held on 28<sup>th</sup> March 2007 and
  - (iii) Progress on the 2006/07 schemes

## 2 LTP INTEGRATED TRANSPORT SCHEME PRIORITY SYSTEM

- 2.1 A scheme priority system is required as there are limited capital funds available and there are a large number of schemes that have been identified over the years. This system 'scores and ranks' schemes against the following objectives (and associated targets and indicators, for example reducing the number of accidents) contained within LTP2:

- **Congestion**

There will be less journeys made in the peak periods than in 2006 and alternatives to the car will be more attractive and easier to use.

- **Accessibility**

All major services will be easier to access by non-car modes.

- **Safety**

Accident rates, particularly for children, will continue to reduce and all transport modes will offer a more secure environment than today.

- **Environment**

Air quality in currently declared Air Quality Management Areas will be significantly improved, and traffic induced noise will also be noticeably reduced.

- **Maintenance**

Principal and non principal roads, footways, footpaths and rights of way will all be in a better state of repair than now, with the latter having been opened up to create a new set of opportunities for walking and cycling.

- 2.2 This allows an assessment to be made as to how the scheme contributes to the achievement of the LTP aims to ensure that schemes are delivered that meet both local needs and that of the LTP and hence contribute to generate a higher level of Government funding.
- 2.3 The process for adding new schemes to the list and evaluating them is as follows:
- (i) Schemes can be suggested or referred to the Local Highways team or the Local Highway Manager during the year and may be added to the scheme scoring sheet and ranked on an annual basis.
  - (ii) The schemes and overall ranking could then be reviewed on an annual basis at an East Area LTP Member workshop and submitted to the appropriate Local Committee for approval.

### **3 LTP2 EAST AREA LOCAL TRANSPORT PLAN WORKSHOP**

- 3.1 During 2006 Surrey County Council restructured its Transportation service. In respect of the operational highway function this restructure brought together the Local Transportation services into an East and West area office. The Local Transportation Services of Reigate and Banstead, Mole Valley, Tandridge, Epsom and Ewell and Elmbridge are now co-located and operating under the East Surrey Highways structure.
- 3.2 The advantages of this approach include the ability to apply a consistent approach to the development of the Local Transport Plan programmes and to allow the effective use of staff resources in engaging with County Members on the development and delivery of the County's LTP.
- 3.3 A LTP workshop was held on 28<sup>th</sup> March 2007 to which all County Members in the East were invited. This workshop provided an opportunity to scrutinise the proposed 2007-08 schemes programmes. Background to the prioritisation of schemes was explained before Members considered proposals for their district or borough.
- 3.4 A presentation was given on the background to the County's LTP and that it contains the following framework:
- A 5 year strategic plan and programme based upon an analysis of problems and opportunities and set transport in a wider context that reflects the Regional Transport Strategy
  - Objectives, indicators and targets with trajectories based on shared priorities of Congestion, Accessibility, Safety, Environment and Maintenance. Examples of the types of schemes appropriate to meet these objectives are shown in the table below:

CONGESTION	ACCESSIBILITY	SAFETY	ENVIRONMENT	MAINTENANCE
<ul style="list-style-type: none"> <li>• On street parking control</li> <li>• Promotion of Company Travel Plans</li> <li>• Better signing for HGVs</li> <li>• Junction improvements</li> </ul>	<ul style="list-style-type: none"> <li>• Better pedestrian facilities in town centres</li> <li>• Cycle routes and training</li> <li>• Access to:-               <ul style="list-style-type: none"> <li>(i) all services from rural areas</li> <li>(ii) education facilities for 16-19 year olds</li> <li>(iii) all to major hospitals</li> </ul> </li> </ul>	<ul style="list-style-type: none"> <li>• More road safety schemes</li> <li>• Safety Camera Partnership</li> <li>• More safe routes to schools</li> <li>• Vehicle Actuated Signs</li> <li>• New pedestrian crossings and traffic calming, but only where it can really be justified</li> </ul>	<ul style="list-style-type: none"> <li>• Increased use of noise reducing road surfaces</li> <li>• Tackling vehicle emission problems</li> <li>• New variable message signing</li> <li>• Countryside traffic management measures</li> <li>• New Freight Quality Partnerships</li> </ul>	<ul style="list-style-type: none"> <li>• major highway maintenance</li> <li>• surface treatments</li> <li>• patching/road edges</li> <li>• footways</li> <li>• lighting</li> <li>• drainage</li> <li>• signals</li> <li>• safety barriers</li> <li>• bridge strengthening</li> </ul>

#### 4 FUNDING ALLOCATIONS FOR 2006/07

- 4.1 There are three **capital** funding streams available towards Integrated Transport schemes
- (i) LTP Capital Funding Allocation
  - (ii) Local Allocation and
  - (iii) Other Capital Funding
- 4.2 The **LTP Capital Funding Allocation** was discussed and approved by the Executive at its meeting on 26<sup>th</sup> March 2007. At this meeting funding was allocated for local integrated transport schemes. This allocation has been further divided between the West and East Area office based upon the Executive approved formula for allocating LTP capital (consisting of killed and seriously injured accidents, population and road length). This resulted in a proposed capital funding for each district/borough.
- 4.3 This year the allocations for each district/borough include a 6% uplift on the base allocations originally indicated in the second LTP settlement and as such the allocations for each district/borough in the east of the County are shown (highlighted in grey) in the table below.

<b>LOCAL TRANSPORT PLAN ALLOCATION FOR 2007/08</b>		
<b>District/Borough</b>	<b>Base Allocation £,000s</b>	<b>+6% uplift £,000s</b>
Epsom and Ewell	390	413
Mole Valley	500	530
Elmbridge	520	551
Tandridge	520	551
Reigate and Banstead	560	594
<b>Total</b>	<b>2,490</b>	<b>2,639</b>

- 4.4 **Local Allocation capital** funding is also available to be allocated by the Local Committee. Although this funding is not ring fenced it has in the past been applied to highway improvements or capital maintenance (such as major resurfacing or large patching repairs). The amount of Local Allocation was confirmed by the Council at its meeting on 6<sup>th</sup> February 2007 at a level of £1,100,000 (£100,000 for each Local Committee).

4.5 **Other capital funding** has also been made available as outlined in the Executive report of 26<sup>th</sup> March 2007 as follows:

- (i) Vehicle Actuated Signing – building on the investment in 2006/07 made by the High Sheriff, the County Council has allocated £450,000 (£240,000 for the West and £210,000 for the East). This is to be allocated by the Area Office based on the number of County Councillors in each district, and the Executive has agreed that it will be for the Area Office to identify priority sites for the signs in consultation with Local Committees and based on local need. If a district, (such as Elmbridge), have recently implemented a programme of VAS signs any new VAS signs from this budget may be directed to other districts/boroughs in the east.

## **5 PROGRESS ON 2006/07 SCHEMES AND PROPOSED SCHEMES FOR 2007/08**

- 5.1 The progress on integrated transport schemes for 2006/07 can be seen on the progress report submitted separately to this Local Committee. At this stage it is understood that any underspends/overspends would be carried forward to facilitate delivery of schemes in progress. Outturn figures are not yet available and as such the Local Committee are asked to delegate any amendments to the 2007/08 scheme list to the East Area Transportation Group Manager, in discussion with the Chairman of this Committee, as a result of changes in available funding following the closing of the 2006/07 accounts. The proposed programme shown in Annex A should therefore be regarded as provisional.
- 5.2 Taking into account the possible funding available, the priority scoring system and the committed and active schemes, a list of proposed schemes has been developed for LTP Capital funding and Local Allocation for progression in 2007/08 (shown in **Annex A**). The Committee are asked to approve this list.

## **6 FINANCIAL IMPLICATIONS**

- 6.1 The proposed programme of Integrated Transport schemes have been developed to allow schemes to be developed through feasibility, detailed design and construction over each year to ensure affordability and value for money against LTP objectives.

## **7 CRIME & DISORDER, SUSTAINABLE DEVELOPMENT AND EQUALITIES IMPLICATIONS**

- 7.1 The proposed programme of Integrated Transport schemes have been developed in to meet the objectives and targets of the second Local Transport Plan. These objectives greatly contribute to improving community safety, minimise impact on the environment and promote equalities and social inclusion.

## 8 CONCLUSIONS AND REASONS FOR RECOMMENDATION

- 8.1 A method for prioritising schemes is required due to limited capital funds available and the number of schemes previously identified, to meet the objectives and targets of the Local Transport Plan and to provide a consistent countywide method of prioritising schemes. This resulted in the indicative five year plan of schemes that was approved at the Local Committee on 20<sup>th</sup> March 2006.
- 8.2 The Local Committee is therefore asked to approve the proposed 2007/08 scheme list and the delegated powers set out in the recommendation taking into account the following:
- The need to meet the objectives of the LTP
  - Projects and schemes that are already underway or committed for progression
  - The need to balance feasibility, design and construction work in order to ensure continuity of future programmes.

## REIGATE AND BANSTEAD 2007/08 INDICATIVE SCHEME LIST

LTP FUNDING - Budget = £594,000			
Scheme Name	Estimated Funding	Stage*	Comments
Pendleton Road	£90,000	D,C	<b>Construction</b> of puffin crossing and footway improvement. Needed as school children cross on bend.
A242 Croydon Road/Gatton Park Road	£55,000	D,C	<b>Construction</b> of mini roundabout, puffin crossing and traffic islands to improve safety and crossing facilities for school children. Additional Section 106 funding available.
Great Tattenhams	£35,000	C	<b>Construction</b> of pedestrian islands and central hatching Committee approved scheme.
A217 Woodhatch crossroads	£75,000	C	Funding for the <b>construction</b> of phase 2 of the scheme as approved at 5 <sup>th</sup> June 2006 Local Committee.
Reigate and Redhill Parking Amendments (DPE).	£25,000	D,C	Identification, advertising and <b>Implementation</b> of parking revisions in Reigate and review of parking issues in Redhill - approved at Local Committee 5 <sup>th</sup> December 2005. NW Reigate Residents Parking Zone to be reviewed upon consideration of Reigate amendments.
A217 Corridor (Banstead to Hookwood)	£50,000	F,D,C	Expansion of project to cover the A217 in the Borough. Funding for feasibility, detailed design and <b>construction</b> of measures. Short, medium and long term measures to be identified to address safety, speed and severance issues.
A23 Corridor (Hooley to Horley)	£45,000	D,C	To progress scheme approved at 18 <sup>th</sup> July 2005 Local Committee and be extended to include feasibility of Merstham High Street puffin & Netherne Lane traffic management. Possible <b>construction</b> of short-term measures.
Merstham Area traffic management	£20,000	F,D	Detailed design of next phase of traffic management scheme - Furzefield School a current issue.
Wray Common Road/Doods Road	£10,000	D,C	Detailed design and <b>construction</b> of traffic calming and cycle measures. Additional Section 106 funding available.

Scheme Name	Estimated Funding	Stage*	Comments
Waterhouse Lane/Outwood Lane speed management	£50,000	D,C	Project to address speed and safety issues along this route. <b>Construction</b> of traffic management measures. Possible detailed design of Outwood Lane/Chipstead Valley pedestrian safety measures.
Sutton Lane	£10,000	D,C	<b>Construction</b> of revised scheme to assist pedestrians crossing Sutton Lane (if approved by Committee)
Linkfield Lane/Coniston Way	£20,000	D,C	To progress detailed design and <b>construction</b> of next phase of pedestrian safety scheme approved at 21 <sup>st</sup> July 2003 Local Committee.
Chipstead Way/Lakers Rise	£10,000	D	Review feasibility and progress detailed design of scheme to address traffic speed.
Safe Routes to Schools	£14,000	F,D,C	To address highest priority Safe Route to Schools issue. <b>Construction</b> of small scale measures, such as guardrailling. Investigate feasibility of Gatton Park Road puffin crossing.
Small safety schemes, lines and signs	£65,000	D,C	To respond to key issues and provide funding for feasibility, detailed design and <b>construction</b> deliver small low cost safety improvements across the Borough.
Disabled Access and pedestrian schemes	£10,000	F,D,C	To address Surrey County Council's Walking Strategy – <b>construction</b> to include dropped kerbs and improved footways. Feasibility of upgrading Horley row to a puffin crossing.
Bus stop accessibility and public transport improvements	£5,000	F,D	To investigate potential schemes and assist in obtaining additional external funding
Borough Cycling Strategy	£5,000	F,D	To investigate potential schemes and assist in obtaining external funding (e.g. A25 Station Road puffin crossing).
<b>LOCAL ALLOCATION - Budget = £100,000</b>			
Scheme Name	Estimated Funding	Stage*	Comments
Highway patching/Local Structural Repair works across the Borough.	£100,000	D,C	To address the highway defect issue in Reigate and Banstead.

\* F=Feasibility, D=Detailed design, C= Construction
