Information on Proposed Street Works			
Road Name and Number		B2430 Kingston Road - Leatherhead	
Utility Company		Southern Gas Networks	
Reason for Works	<p>Essential gas mains replacement works required by Health and Safety Executive Directive, replacing at risk iron pipe work.</p> <p>This is part of a 30 year multi million pound programme to replace all old metallic pipes within 30 meters of properties with new Polyethylene pipes to limit leakage potential. The new plastic gas pipes have a lifespan of more than 80 years.</p>		
Extents of Works	From Dilsten Road junction with Kingston Road to junction with Barnett Wood Lane. Works will be in footway and carriageway, including section over rail bridge.		
Highway Impact	The road will be closed for the duration of these works and a diversion will operate using the A244, A243 and A245		
Works Duration	<p>Works are programmed to start on the 2nd of August and to be complete by the 4th of September.</p> <p>The 2nd of August date is the day after the completion of the Olympic road cycle events and the 4th of September is the return to school date at the end of the school summer holidays.</p>		
Additional Information	<p>It is necessary to carry out these works at this time primarily due to the proximity of local schools.</p> <p>Advanced warning signs will be placed on site and a letter drop undertaken prior to the works</p>
