

## Appendix C: GCSE/ Key Stage 4 Value Added 2003/4

### Value added scores explanatory notes

Value added profiles are included in the national performance tables to allow schools to see where they are placed nationally, based on a value added measure. Value added measures explore the progress that pupils make during their stay in the school. The tables below show the banded profiles for this year for Key Stage 2 and Key Stage 3 to Key Stage 4.

Next 15% of schools nationally	3	1001.7 - 1017.4	997.9 - 1007.4
Middle 20% of schools nationally	4	985.2 - 1001.6	988.9 - 997.8

The DfES provides a guide as to whether schools value added scores can be regarded as significantly (statistically) above, below or the same as the national average. (Note: With very small cohorts the value added score can not be validly calculated)
