3.0 PROGRESS OF 2011/12 COMMUNITY PRIDE EXPENDITURE

- 3.1 The total Community Pride allocation for Runnymede is £30,000, equally divided as £5,000 per County Councillor.
- 3.2 To date, £760 of Community Pride funds has been committed, and Members remain actively engaged in drawing up spending plans with the Maintenance Engineer for Runnymede.

4.0 FINANCIAL AND VALUE FOR MONEY IMPLICATIONS

- 4.1 Proposed ITS schemes are prioritised to ensure that the maximum public benefit is gained from any funding made available. So far as is practicable, officer proposals follow the county-wide scheme assessment process (CASEM) and the prioritisation order determined by this.
- 4.2 The £100k Committee Revenue Maintenance budget is used to target the most urgent sites where a specific need arises, to keep up with general maintenance activities that reduce the need for expensive repairs in the future, and to support local priorities. The nature of these works is such that spend may vary slightly from the split as shown in Table 2.

5.0 EQUALITIES AND DIVERSITY IMPLICATIONS

- 5.1 It is an objective of Surrey Highways to treat all users of the public highway equally and with understanding. An Equalities Impact Assessment is undertaken for each Integrated Transport Scheme as part of the design process.

6.0 CRIME AND DISORDER IMPLICATIONS

- 6.1 A well-managed highway network can contribute to reduction in crime and disorder.

7.0 CONCLUSION AND RECOMMENDATIONS

- 7.1 The Committee is asked to note the progress with the ITS Highways and developer funded schemes.
- 7.2 It is recommended that the Committee note the Community Pride spend position.
- 7.3 It is recommended that a further Highways Update report is presented at the next Committee meeting.

8.0 REASONS FOR RECOMMENDATIONS

- 8.1 The above recommendations are made to enable progression of all Committee highway-related schemes and works.

9.0 WHAT HAPPENS NEXT
