SURREY COUNTY COUNCIL LOCAL COMMITTEE WOKING MEETING ON 11TH APRIL 2002

Public Question

Will Surrey County Council appoint a Streetcare Officer or similar to look after all highway issues, such as hold in pavements, overhanging trees etc, in the same way that Woking Borough Council had pre 31st March?

Byfleet Parish Council found this a useful “one-stop” contact for street problems, and hope that we will not lose this kind of immediate contact under the change to SCC Local Transportation Service

Jim Allen, Chairman Highways and Planning Committee
Byfleet Parish Council

Officer Response

It is recognised that the “one-stop” contact is locally is very beneficial with regard to customer focus and highway issues. This has been discussed within the structure of the new Local Transportation Service and it is anticipated that highway inspectors will be assigned to specific areas in the very near future. On completion this will be passed to the Local Committee for wider dissemination
