

## **Campus Woking - Consultation**

### **Local Committee (Woking) 28 February 2007**

#### **KEY ISSUE:**

For the Local Committee to respond to the consultation on the Campus Woking proposals.

#### **SUMMARY:**

Pioneering proposals to change Surrey's education system have been approved for consultation by the county council's Executive.

The council has now embarked on a three month consultation with schools and parents to determine the next steps for Campus Woking - a pilot project that would see schools in the town move to an education system based on a university-style campus.

The consultation documents are attached as annex 1 and 2.

If as a result of the consultation there is agreement to proceed with Campus Woking, a more detailed business case will be prepared and work will begin to implement the proposals in Woking from September 2007 onwards.

#### **OFFICER RECOMMENDATIONS:**

The Committee is asked for their views on the Campus Woking proposals.

---

**Accountable: Andrew Crisp, Executive Member for Schools, Children and Youth Services**

**Consulted:**

**Background Papers: SCC Executive papers from 5/12/07 – Item 11 Campus Woking**
