Allocating Local Committee Funding: Members' Allocations

3rd December 2008

KEY ISSUE

To set out the funding available for County Councillors' allocations for 2008/09 and to consider the requests received.

SUMMARY

This report lists and makes recommendations on bids received for Members' Allocations which have been sponsored by at least one Member.

OFFICER RECOMMENDATIONS

The Committee is asked to:

- Consider and approve the proposed expenditure from the Members' Allocation budget 2008/09

1 INTRODUCTION AND BACKGROUND

- 1.1 The County Council's budget for 2008/9 made available £77,000 to be spent on local projects to promote the social, environmental or economic well-being of the people of Woking. This amounts to £11,000 revenue for each County Member of the Committee.
- 1.2 An additional capital allocation of £35,000 has been made available to each Surrey County Council Local Committee.
- 1.3 A returned proportion of a member allocation from 2006/07 has also been made available to Woking's Local Committee. The sum of £2,209.76 is returned to the revenue fund from an original allocation of £4,000 to the Girls Venture Corps due to the group folding in 2007. Also the sum of £48.42 is returned to the revenue fund from an original allocation of £7015, to Byfleet Bowls Club.
- 1.4 Members of the Local Committee agreed to pool available funds at Committee on 23rd June 2008.
- 1.5 In allocating funds Members are asked to have regard to the County Council's Corporate Plan 2007/08, *One Outstanding Council: Making Surrey a better place*. The Plan sets out the following four priorities for the current year:
 - Improving highways and maintaining roads;
 - Ensuring that looked after children grow up better equipped for life, in particular through education;
 - Increasing the number of vulnerable adults able to live independently;
 - Increasing waste minimisation and recycling.
- 1.6 Member allocation funding is made to organisations on a one-off basis, so that there should be no expectation of future funding for the same or similar purpose.
- 1.7 Annex 1 sets out a list of all funding approved from the Members Allocation and Capital Allocation budget to date for 2008/09.
- 1.8 Annex 2 sets out the criteria the Local Committee agreed in June 2008 to allocate to this budget and the procedure that groups who wished to apply for funding should follow.

2 ANALYSIS

- 2.1 Each project detailed below has completed a standard application form giving further details of timescales, purpose and other funding applications made. The member proposing each project assesses its merits, before the project can be included as a proposal for funding in the report to Committee.

Annex 2

Surrey County Council Local Committee (Woking) Members' Allocation Criteria

To be considered, projects should support County Council's Corporate plan 2007/08, An Outstanding Council Making Surrey a better place, which sets out the following four priorities:

- Improving highways and maintaining roads;
- Ensuring that looked after children grow up better equipped for life, in particular through education;
- Increasing the number of vulnerable adults able to live independently;
- Increasing waste minimisation and recycling.

and should support the priorities of the Community Strategy for Woking:

- Crime
- Anti-social Behaviour
- Community Reassurance
- Fire
- Re-offending
- Data Quality and Collection

The project must also be possible to implement within the time and budget, offer value for money, have a clear audit trail and demonstrate its impact within 12 months of receiving funding.

The Local Committee does not have enough money to fund all the good ideas. In choosing what to fund, the Local Committee considers projects which have the support of the Local County Councillor and benefit a variety of communities of interest (for example: young people, old people, ethnic minorities, disabled) and different areas of Woking.

Within this framework the Committee seeks to assure:

- The funding is needed "one-off". All payments are made on a one off basis with no expectation of future funding. If the project involves ongoing costs such as maintenance, repair etc. there must be confirmation that an organisation has agreed to take on these costs
- The project will commence within 12 months of Local Committee approval
- The project will give long-term benefit and be preventative in purpose
- The project targets more disadvantaged areas or communities
- Local Committee funding will unlock much more funding from other sources.
- There is no other probable alternative source of funding

What Cannot be funded

The funding should not:

- be used to fund schools for the direct delivery of the National Curriculum
- be used as a “grant” to an individual
- sponsor a political party, including contributing to the expenses of any conference, meeting or other event organised by or on behalf of the party
NB Some Surrey residents’ associations and local societies have to register as political parties because they have candidates standing in District, County or General Elections
- be used for a project which has already started

Capital Funding

Capital funding must meet the above criteria but also:

- must be applied to a physical asset/s with life of more than one year
- must not be used to meet staffing costs or other routine running costs

Members Allocation Procedure for 2008/9

- Groups that wish to apply for funding should contact their local County Councillor to discuss the project.
- If the County Councillor feels the project meets the criteria and wishes to support the project, the applicant should complete the bid form and return it to the Local Partnerships Team. They will confirm compliance with the allocation criteria and if this is met will ensure the project is included in the next report to the Local Committee for their approval.
- If the funding is approved, the Local Partnerships Team will complete the allocation process by sending out a confirmation letter, funding agreement form and payment advice form. Once these are received back, the payment can be made.
- Evidence of expenditure (ie. Invoices and/or receipts totalling the amount given) should be submitted within 3 months of receipt of the funding.
