## Decision Notice

**(iv) That the Committee allocate up to £20,000 towards the cost of implementing these proposals.**

**Reason**

Changes to the highway network, the built environment and society mean that parking behaviour changes and consequently it is necessary for a Highway Authority to carry out regular reviews of waiting and parking restrictions on the highway network.

Following consideration of the comments and objections the waiting restrictions agreed by the Committee will help to:

- Improve road safety
- Increase access for emergency vehicles
- Improve access to shops, facilities and businesses
- Increase access for refuse vehicles and service vehicles
- Ease traffic congestion
- Better regulate parking

**Adjustments agreed at the meeting to the published recommendations in Annexes A and C:**
