

CABINET MEMBER DECISION

Decision:

Purchase of Additional Hydraulic Rescue Equipment

(i) Details of decision

That the purchase of five additional sets of Hydraulic Rescue Equipment for Surrey Fire and Rescue Service, at a cost of £75K be approved.

(ii) Reasons for decision

At the time when determining the amount of equipment that was required a number of assumptions were made by the project team based on the Public Safety Plan.

Firstly, it was anticipated that a reduction in the number of fire appliances would be implemented through 2012. This plan is still to be realised and therefore three front line appliances are operating without the new rescue equipment.

Secondly, with the range and advanced capability of the new equipment and the need to maintain firefighter competencies, the training department needed equipment to support simultaneous training events without impacting on the front line operational equipment.

Lastly, when the project was completed it was not envisaged the maintenance and servicing, which is carried out in house, would tie up all the spare equipment and therefore, not provide the necessary resilience should other equipment become damaged or break down.

(iii) Details of any alternative options considered and rejected

CABINET MEMBER DECISION

Decision:

Chobham Youth Club & Bly Lawson Bequest

(i) Details of decision

That Surrey County Council transfer the amount of £111,407 in full to the Community Foundation for Surrey, so they are able to set up the Chobham Youth Fund Panel and the young people of Chobham are able to utilise the funds.

(ii) Reasons for decision

The County Council is confident that the Community Foundation for Surrey is a very suitable vehicle to distribute long term funds in the form of grants to the young people in Chobham. This will be with full involvement of local people, is in line with the intentions of Mrs Lawson and value for money as additional funds will be generated to support the bequest.
