## Decision Notice

		<p><b>Reason</b></p> <p>The evidence submitted in support of the application is considered sufficient to establish that public footpath rights are reasonably alleged to subsist, having been acquired under both statutory presumed dedication (under s.31(6) of the Highways Act 1980) and common law. It is considered that landowners have not taken sufficient actions to demonstrate their lack of intention to dedicate public footpath rights during the relevant period. A MMO to modify the DMS by the addition of a public footpath as described above should be made under s. 53 of the WCA 1981.</p>
