3 PETITIONS

Notice of Petition

Received from Victoria Leake, 139 signatures

According to the Department of Transport (<http://road-collisions.dft.gov.uk>), Surrey County Council (SCC) has the highest number of cycling fatalities in the whole of England and is fourth highest for pedestrian fatalities of any highway authority. Pedestrians spend more per week than any other shopper TfL (Town Centre Study 2011). One in five cars on the road at morning peak traffic times are taking children to school, contributing to congestion, air pollution and carbon emissions. With school pupil numbers projected to rise year on year the school run is expected to have an increasingly negative impact on congestion. One in three children leaves primary school either overweight or obese. (www.livingstreets.org.uk/wow). Inactivity is costing the Primary Care trust in England in excess of £940million a year.

We petition SCC senior leadership team to make our towns and villages safer for pedestrian and cyclists and to stop prioritising the car over other road users. We ask that they look at best practice outside their own County.

A response to the petition will be tabled at the meeting.

MOBILE TECHNOLOGY AND FILMING – ACCEPTABLE USE

Those attending for the purpose of reporting on the meeting may use social media or mobile devices in silent mode to send electronic messages about the progress of the public parts of the meeting. To support this, County Hall has wifi available for visitors – please ask at reception for details.

Anyone is permitted to film, record or take photographs at council meetings. Please liaise with the council officer listed in the agenda prior to the start of the meeting so that those attending the meeting can be made aware of any filming taking place.

Use of mobile devices, including for the purpose of recording or filming a meeting, is subject to no interruptions, distractions or interference being caused to the PA or Induction Loop systems, or any general disturbance to proceedings. The Chairman may ask for mobile devices to be switched off in these circumstances.

It is requested that if you are not using your mobile device for any of the activities outlined above, it be switched off or placed in silent mode during the meeting to prevent interruptions and interference with PA and Induction Loop systems.

Thank you for your co-operation
