**20/15 FREEDOM AND CHOICE [Item 6]****Declarations of interest:**

None.

**Key points raised during the discussion:**

1. The Strategic Finance Manager (Pension Fund and Treasury) introduced the item. He explained that any potential effect on cash flow from the statutory changes to pension fund scheme rules would become apparent this year. Hymans Robertson had been

commissioned to undertake further analysis concerning the effect on the Surrey Pension Fund.

2. The Hymans Robertson representative presented the highlights of the analysis and informed the Board that he had concluded that there was unlikely to be a significant run on money.
3. In response to a question, the Senior Advisor (Pension Fund) confirmed that it is the responsibility of the administering authority to check that a member has received advice from a qualified and accredited advisor. However, it was important to note that members must evidence receipt of advice but not that they have followed that advice.
4. The Chairman explained that it was not necessary for the Fund to have a floating cash balance as it was always possible to borrow short term if necessary.
5. The Senior Advisor (Pension Fund) confirmed that there was a specific unit within central government providing information on the Local Government Pension Scheme. Also, the Fund has to provide information to all individuals reaching retirement and all Members of the Fund receive a regular newsletter.

**Actions/Further information to be provided:**

None.

**Declarations of interest:**

None.

**Key points raised during the discussion:**

1. The Senior Advisor (Pension Fund) introduced the report, highlighting the key points.
2. Members queried who decides the risk ratings of employers and whether it is open to challenge. The Hymans Robertson representative explained that up to now the ratings had been quite subjective. The intention was to develop a more objective system of metrics so that the Fund can defend against any employer challenges.
3. Members asked whether the Fund is near the point at which some employers may default. The Hymans Robertson representative explained that there was a problem with willingness to pay by some but that it was not clear if this was because they were unable to pay. It was pointed out by a Board member that this issue was not on the risk register.

**Actions/Further information to be provided:**

None.

**Resolved:**

That the report be NOTED.

**Next steps:**

A further report presented at a future Board meeting.

**22/15 MANAGER ISSUES AND INVESTMENT PERFORMANCE [Item 8]****Declarations of interest:**

None.

**Key points raised during the discussion:**

1. The Strategic Finance Manager (Pension Fund and Treasury) introduced the item and highlighted the advice that the Board delay a decision to invest via the Marathon Emerging Markets Fund. The Board supported this delay.
2. It was suggested that, in relation to the Marathon Emerging Markets Fund, the Board should have a discussion on whether to increase exposure to emerging markets. The Mercer representative explained that the Board had not been looking to increase its exposure with emerging markets but that Marathon had asked its clients to move from segregated investments into a pooled fund.
3. A Member queried the adoption of stock lending, suggesting that it adds volatility to the market. The Chairman pointed out that stock lending was adopted two years ago by the Board. It was also suggested on the plus side that stock lending creates liquidity.
4. The Surrey Pension Fund Advisor introduced the notes of meetings with Fund Managers, attached as Annex 2 to the report. There was some concern about Franklin Templeton's exposure to the Ukraine. The Surrey Pension Fund Advisor assured the Board that, while Franklin Templeton was a large investor in the Ukraine on behalf of its clients, this exposure was not considered a risk to the company's viability. The pooled fund owned by the Surrey Pension Fund does have a holding in Ukraine bonds, but these represent a small allocation of the overall fund.
5. It was confirmed that, while the Surrey Pension Fund Advisor and Strategic Finance Manager (Pension Fund and Treasury) hold the meetings with Fund Managers, Board members were always invited to attend.
6. It was requested that figures in the report be provided net of fees. The Strategic Finance Manager (Pension Fund and Treasury) confirmed that the custodian could provide this, although the Mercer representative explained that where performance-related fees were concerned there would be some manual work and therefore some additional cost. The Chairman suggested that this be considered as part of the deep dive into all costings and fees (**Action Review ref A6/15**).
7. The Board noted that asset allocations were all comfortably within variances.

**Actions/Further information to be provided:**

The deep dive review of the Pension Fund to include a review of the information provided to the Board, eg the potential for receiving figures net of fees.

**Resolved:**

- i. That the report be NOTED.

- ii. That the allocation of the £34.5m cash position would be deferred to the end of the meeting.

It was suggested that these points be picked up in the deep dive review of the Pension Fund (**Action review ref: A6/15**).

**SURREY COUNTY COUNCIL**

**PENSION FUND COMMITTEE**

**DATE: 23 JULY 2015**

**LEAD OFFICER: SHEILA LITTLE, DIRECTOR OF FINANCE**

**SUBJECT: CHANCELLOR'S BUDGET: UPDATE**

**SUMMARY OF ISSUE:**

The Chancellor of the Exchequer presented his budget to the House of Commons on 8 July 2015. This paper contains a summary of the implications for the Local Government Pension Scheme (LGPS).

**RECOMMENDATIONS:**

It is recommended that the Surrey Pension Fund Committee note the report.

**REASON FOR RECOMMENDATIONS:**

To comply with best practice and to assist the knowledge and training of the Surrey Pension Fund Committee.

**DETAILS:**

- 1 The Chancellor delivered his Budget on 8 July 2015. From a Local Government Pension Scheme perspective, paragraph 2.19 from the budget paper reads:

*“Local Government Pension Scheme pooled investments: the government will work with Local Government Pension Scheme administering authorities to ensure that they pool investments to significantly reduce costs, while maintaining overall investment performance. The government will invite local authorities to come forward with their own proposals to meet common criteria for delivering savings. A consultation to be published later this year will set out those detailed criteria as well as backstop legislation which will ensure that those administering authorities that do not come forward with sufficiently ambitious proposals are required to pool investments.”*

- 2 With regard to this extract, there is no mention of active versus passive, mandatory passive or any prescriptive legislation involving passive investment at this time. The Surrey Pension Fund is already working individually and collaboratively on delivering savings (negotiations on manager fees, current procurement processes and shared administration costs).
- 3 A further consultation paper from the government to be released soon will provide clarity in terms of the scale of savings required and a possible benchmark in terms of the total expense ratio for individual/pooled LGPS funds. A further report on progress for the Surrey Pension Fund will be taken to the 18 September committee meeting.

**CONSULTATION:**

- 4 The Chairman of the Surrey Pension Fund Committee has been consulted and has requested that this paper be presented at the meeting in order to inform and generate discussion on the proposals and the future direction of the Surrey Fund in terms of reducing its cost base.

**RISK MANAGEMENT AND IMPLICATIONS:**

- 5 The risk contained within the Chancellor's announcement is that local authorities must put forward their own proposals for delivering savings against the backdrop of pending legislation that will impose mandatory pooled investments against those administering authorities that do not come forward with sufficiently ambitious proposals.

**FINANCIAL AND VALUE FOR MONEY IMPLICATIONS**

- 6 The major financial implication is the government's drive to deliver substantial savings against the current £650m investment manager fee base within the 89 funds of the LGPS.

**DIRECTOR OF FINANCE COMMENTARY**

- 7 The Director of Finance will ensure that proposals will be worked on and presented to future meetings of the Surrey Pension Fund Committee in order that sufficiently ambitious proposals for cost savings can be generated.

**LEGAL IMPLICATIONS – MONITORING OFFICER**

- 8 There are no legal implications or legislative requirements associated with this report.

**EQUALITIES AND DIVERSITY**

- 9 There is no requirement for an equalities and diversity assessment at this time, but this will be reviewed when criteria have been established.

**OTHER IMPLICATIONS**

- 10 There are no potential implications for council priorities and policy areas.

**WHAT HAPPENS NEXT**

- 11 The following next steps are planned:
- Further report to the Surrey Pension Fund Committee.
