

Surrey Health and Wellbeing Board

Date of meeting	Thursday 12 December 2013
------------------------	---------------------------

Item / paper title: *Update Paper- Joint Health and Wellbeing Priority Plan: Children and Young People's Health and Wellbeing*

Purpose of item / paper	Following on from the discussion at the meeting of the Health and Wellbeing board on 5 September 2013, this report summarises progress to date on developing Surrey's Health and Wellbeing Strategy priority to improve children's health and wellbeing. In addition, recognising the commissioning responsibilities and governance arrangements of individual member organisations of the Board, it sets out next steps for delivery through the Children's Health and Wellbeing Group and Surrey Children and Young People's Partnership
Surrey Health and Wellbeing priority(ies) supported by this item / paper	This action plan sets out how the Priority for Children and Young People's Health and Wellbeing will be delivered
Financial implications - confirmation that any financial implications have been included within the paper	This action plan will shape the collective spend on children and young people's health and wellbeing of the following organisations: Surrey County Council, Clinical Commissioning Groups and District and Borough Councils. This includes £325m Children, Schools and Families (not including schools) and £23m (Public Health total budget)
Consultation / public involvement – activity taken or planned	The action plan has been informed by extensive public consultation on the Health and Wellbeing Strategy and needs analysis including service user experiences. Actions have been developed through workshops with the Health and Wellbeing Board. The detail of delivery will be further shaped by engagement with wider stakeholders for each action and further co-production with service users where appropriate.
Equality and diversity - confirmation that any equality and diversity implications have been included within the paper	The analysis of need that informs this action plan systematically identifies inequalities in health and wellbeing. The action plan has been developed to help to mitigate those inequalities. For example through our approach to supporting children with complex needs, targeting interventions to promote healthy behaviours, tackling the causes of poorer outcomes for children which can include parental issues like substance misuse and domestic abuse.
Report author and contact details	Jo Holtom – Senior Strategy and Policy Development Manager, jo.holtom@surreycc.gov.uk , 0208541 7150
Sponsoring Surrey Health	Nick Wilson, David Eyre-Brooke
