Item / paper title: Children's Health and Wellbeing – status update

Purpose of item / paper	<p>Following on from the meeting of the Health and Wellbeing Board on 13th March 2014, this report summarises progress against the aims and outcomes for improving children's health and wellbeing, 6 months on. It provides a detailed status update on delivery against the workstreams identified by Surrey Children and Young People's Partnership and commissioning priorities for the Children's Health and Wellbeing Group. Whilst many outcome measures are still in development, this status update provides some key differences to CYP and families of the work that is ongoing.</p>
Surrey Health and Wellbeing priority(ies) supported by this item / paper	<p>Surrey's Joint Health and Wellbeing Strategy (JHWS) commits to five priorities:</p> <ol style="list-style-type: none"> 1. Improving children's health and wellbeing 2. Developing a preventative approach 3. Promoting emotional wellbeing and mental health 4. Improving older adults' health and wellbeing 5. Safeguarding the population <p>This status update sets out how the priority for improving children's health and wellbeing is being delivered. It reports on the priorities identified by the Surrey Children and Young People's Partnership and Children's Health and Wellbeing Group for 2014/15 (as set out in the Surrey Children and Young People's Plan 2014-17):</p> <ul style="list-style-type: none"> ○ Early help which includes healthy behaviours ○ Complex needs which includes paediatric therapies ○ Emotional wellbeing and mental health ○ Safeguarding which includes domestic abuse and improving health outcomes for looked after children ○ A key enabler that supports these priorities is developing a shared understanding of need
Financial implications - confirmation that any financial implications have been included within the paper	<p>This status update report on the priorities will help shape the collective spend on children and young people's health and wellbeing of the following organisations: Surrey County Council, Clinical Commissioning Groups, Police and District and Borough Councils. This includes £325m Children, Schools and Families</p>

	(not including schools) and £23m (Public Health total budget)
Consultation / public involvement – activity taken or planned	The priority setting and status update has been informed by extensive public consultation on the Health and Wellbeing Strategy and needs analysis including service user experiences. Actions have been developed through workshops and meetings with the Health and Wellbeing Board, Surrey Children and Young People’s Partnership and Children’s Health and Wellbeing Group. The detail of delivery will continue to be further shaped by engagement with wider stakeholders for each action and further co-production with service users where appropriate.
Equality and diversity - confirmation that any equality and diversity implications have been included within the paper	The analysis of need that informed that priorities in the Surrey Children and Young People’s Plan 2014-17 systematically identifies inequalities in health and wellbeing. The priorities and actions for 2014/15 were developed to help to mitigate those inequalities. For example through our approach to supporting children with complex needs, targeting interventions to promote healthy behaviours, tackling the causes of poorer outcomes for children which can include parental issues such as substance misuse and domestic abuse.
Report author and contact details	Andrew Evans – Strategy and Policy Development Officer, andrew.evans@Surreycc.gov.uk , 01372 833992
Sponsoring Surrey Health and Wellbeing Board Member	Nick Wilson, David Eyre-Brooke
