

Numbers of people using the services

The numbers of individuals using the services in each of the Surrey County Council older people's homes are as follows:

	No of CQC registered beds	No of open beds	Permanent residents as at end of Jan 15	Average permanent occupancy between April 13 and August 14	Average no of reablement users per month	Current day care users	Average no of short stay users per month
Brockhurst	46	39	12	15.5	3/ month	N/A	5/month
Cobgates	50	40	29	34.3	N/A	1	6/month
Dormers	39	39	20	23	4/ month	7	7/month
Longfield	50	38	23	26	N/A	N/A	1/month
Park Hall	50	49	26	23.8	4/ month	14	6/month
Pinehurst	50	40	23	28.4	2/ month	6	11/month

Note: data for short stay, reablement and day care is provided from the homes, and was correct as at end of January 2015.

A number of beds are not available due to a decision in 2012 to close them due to decreasing demand for residential care. In some homes accessibility of some units is problematic and in Brockhurst, Longfield, Cobgates and Pinehurst there has not sufficient demand to warrant reopening closed units

Short stays are a combination of respite and temporary placements. The average number of short stays per month is influenced by how long people stay, which at Brockhurst, Dormers and Pinehurst is higher than expected. This has been in response to individual needs and circumstances.

Frequency of use of day care is between once a week to five days a week. Frequency relates to assessed need.

Occupancy Information on Surrey County Council homes

Each home stopped accepting referrals for permanent residents in August 2014. This was due to a decision to enable a focus on delivery of quality care within the challenging environments.

Average occupancy for 18 months preceding consultation shows relatively stable levels of occupancy in comparison to those at the start of consultation.
