

# Surrey Pension Fund – update on yield trigger

Change in reference yield since 31 March 2013

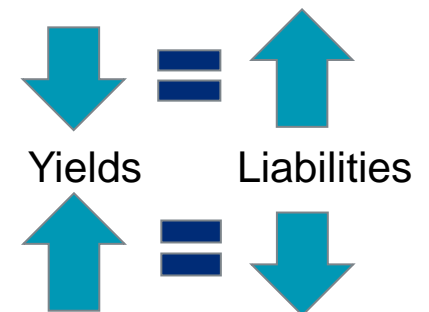

## Comments

Chart opposite shows the progression in the yield available on the 2035 ILG over 2015. Current yield is -0.72% p.a.

The Board has set the trigger at 0.27% p.a.

- Trigger is “hit” when yield from 2035 ILG reaches this level
- £90m in physical gilts will then be switched to leveraged gilts
- Resulting hedge ratio expected to be around 13%
