

FINAL MANAGEMENT ACTION PLAN

Directorate:	Environment and Infrastructure
Audit report:	A003890 / 2014/15 - Review of Bus Operating Contracts
Dated:	1 December 2014

PRIORITY RATINGS

Priority High (H) - major control weakness requiring immediate implementation of recommendation

Priority Medium (M) - existing procedures have a negative impact on internal control or the efficient use of resources

Priority Low (L) - recommendation represents good practice but its implementation is not fundamental to internal control

I agree to the actions below and accept overall accountability for their timely completion. I will inform Internal Audit if timescales are likely to be missed.

The auditor agrees that the actions set out below are satisfactory.

Lead Responsible Officer (HOS): Ian Boast

Auditor: Siva Sanmugarajah

Date: 11 December 2014

Date: 11 December 2014

Page 138	processes should be developed and the staff supporting the service should have access to the system at the appropriate level to carry out their duties and maintain comprehensive records at all times. All variations to the contracts, however small should be noted to make the changes transparent and the system should enable staff to trace the changes through audit trails.				Planning Team Manager.	
5.55	All the risks of the team should be fully and clearly identified in light of the pressures faced by the team. The weaknesses of the Access Database currently used by the team which is not fully supported by Information Management and Technology (IMT) should be fully reviewed and addressed as a priority.	Low	Review the Travel and Transport Group's recorded risks on the risk register. Actions progressed under 5.19 and 5.20 above will manage these risks.	1 January 2015	Paul Millin, Travel and Transport Group Manager.	√
