Food and drink

Oil and Gas

Personal Priorities

Surrey is open for business

- Promote Surrey as a location which is a good place to do business
- Maximise contact with businesses including visits, events etc
- Encourage inward investment

Infrastructure

- Address infrastructure deficit
- Includes road, rail, flood defence, digital, community infrastructure , superfast broadband... and housing
- Ensure infrastructure supports growth and Surrey as a location for business

Operate at Scale

- Surrey is faced by large scale challenges which extend beyond the county boundaries
- We need to think big spatially, including working with neighbouring counties, LEPs and other partners
- We have to be able to engage effectively with growth in London

Promote sustainable growth which benefits the well being of residents and is achieved through well functioning places
