

Criteria and Guidance

1. Criteria

The project must meet each of the specific criteria set out below:

- a) **Improving community facilities:** enhancing the look and feel of Surrey, including improvements to local facilities or the convenience, appearance or safety of community spaces or venues;
- b) **Wider community benefit:** Demonstrating how the project benefits, and is accessible, to the wider community;
- c) **Making a real difference to people's lives;** including promoting public health and wellbeing for children, families and older people; providing opportunities for people to come together as a community for example through community based clubs and youth activities; helping people to live and age well in Surrey by exploring and maximising their skills, their potential and their community connection; providing facilities that encourage physical activities for all ages.
- d) **Encouraging communities to take greater responsibility for local issues and encourage people to work together:** including increasing volunteering among residents, businesses and the public or voluntary sector; and working together to address issues affecting communities, such as the flooding that affected parts of Surrey during winter 2013/14, to enhance community resilience

In addition to how your project meets the criteria above, your application will be assessed against the following requirements (please refer to the application form for further details):

- Where possible, all relevant permissions should have been secured for the project prior to submission of application to the fund, Where this is not possible, a timetable showing when relevant permissions will be secured must be included. All permissions must be in place 12 months from date of the Leader's decision, or the decision on the award of funding will be reviewed.
- If the application relates to a property which is leasehold, the lease must have at least 5 years remaining from the date of the Leader's decision (however, this may need to be longer depending on the nature of the bid);
- Details of clear timescales, baseline position and intended outcomes (with measures).
- Evidence of additional resources (people or money) available from partners to complement any county council resource – applications requesting 100% of funding are unlikely to be awarded.
- Evidence of how funding will be sustained beyond the initial funding period.
- How the project is consistent with the best practice principles of the Surrey Compact (where working with Voluntary, Community and Faith groups).
- How the project is consistent with county council policies.
- Whether the project supports an area of need within Surrey.
- How the project demonstrates value for money of use of public funds. Itemised estimates and/or quotations to be provided in support of application to the fund.
- Applicant must be responsible for the fabric of the building to which the application relates.

2. Supporting Information

The bids will be assessed according to the information that is included in the application for. The only additional information that may be helpful to attach are quotes and a statement of accounts. If these are not submitted with the application, they may be requested if the application is successful.

3. Restrictions
