

CABINET RESPONSE TO RESIDENT EXPERIENCE BOARD

**ANNUAL SCRUTINY OF COMMUNITY SAFETY PARTNERSHIPS
(considered by Resident Experience Board on 16 October 2015)**

COMMITTEE RECOMMENDATIONS:

That the Cabinet Member:

- leads a discussion with County Members who sit on Community Safety Partnerships on how the work of the Community Safety Partnerships reflects local concerns and priorities of residents.
- requests that the Cabinet Associate leads a discussion with the Lead Members Group to explore how the work of Community Safety Partnerships reflects local concerns and priorities of residents.
- requests that the Community Partnership Team gathers evidence of how local concerns and priorities of residents are reflected by Community Safety Partnerships and feeds this information back to a future Resident Experience Board meeting within six months.

RESPONSE:

I will be arranging to attend a meeting of the Local Committee Chairs and the Chairman of each Community Partnership in order to establish how the Partnership reflects local concerns and priorities of the residents to progress this discussion.

In response to the second point, this will be included on the agenda for the next Community Safety Lead Members meeting, Chaired by Kay Hammond, and I will be attending the next meeting of this group on 10 December, 2.00pm, at County Hall. (SCC Officer contact for this is: Gordon Falconer).

In line with the final point, this request will be incorporated into the annual refresh of the Surrey Single Strategic Assessment, which will take place by the Community Safety Team. I will be organising a meeting with each of the officers engaged in all these aspects of Community Safety Partnerships.

**Richard Walsh
Cabinet Member for Localities and Community Wellbeing
24 November 2015**
