

Risk Management Strategy 2015-20

PURPOSE

To realise opportunities and manage exposures to ensure Surrey residents remain healthy, safe and confident about their future.

VISION

A risk culture that supports

ONE place

ONE budget

ONE team for Surrey

VALUES

Listen

Responsibility

Trust

Respect

Context

The scale of the strategic challenges that the council is facing is increasing and the growing demand for services is accelerated by new legislative responsibilities, alongside continuing to meet existing responsibilities. Effective risk management is an integral part of ensuring the continued delivery of our services and providing organisational resilience during change and transformation. This Risk Management Strategy supports the achievement of our key priorities, goals and service delivery to residents. It is supplemented by our risk management plan that sets out our key risk actions for the coming year.

INTEGRATED APPROACH:

Risks are continually discussed and considered in the context of financial and performance management.

RISK PROCESS:

We have a consistent, iterative process of risk identification, risk assessment, risk monitoring and reporting.

GOVERNANCE:

Risk management roles and responsibilities are clearly defined and regularly reviewed.

Our strategic approach to risk management

1. Principles

Our approach to risk management is built on the following principles:

- It is dynamic, iterative and reacts to change
- It is open, transparent and consistently applied
- It provides risk information that objectively informs decision making and creates value
- It is integrated into our processes and aligns with our objectives
- It ensures lessons are learnt and actions for improvement are identified and implemented

2. Benefits

Through our risk management approach, the following benefits are realised:

- Enhanced organisational resilience through facilitating continuous improvement and innovation
- Stakeholder confidence and trust
- Flexibility to positively respond to new and continued pressures and challenges
- Strengthened governance to enable informed decision making
- Proactive management of risk and opportunities

3. Realisation

Realisation of the principles and benefits will be achieved through:

- Strong risk leadership that ensures the effective operation of the council's risk approach and arrangements
- Consistent compliance with the risk strategy and framework
- Staff and members being equipped to work with and support the risk culture
- Clear communication of the council's risk approach to our stakeholders
- Strong and transparent risk governance arrangements, including reporting and escalation of risk

To realise opportunities and manage exposures to ensure Surrey residents remain healthy, safe and confident about their future.

Challenges and opportunities

Sustaining the council’s strong resilience in the climate of on-going reductions in funding, demographic demand increases in core services and potential policy change will require working differently and realising the opportunities identified by innovation work and partnership working.

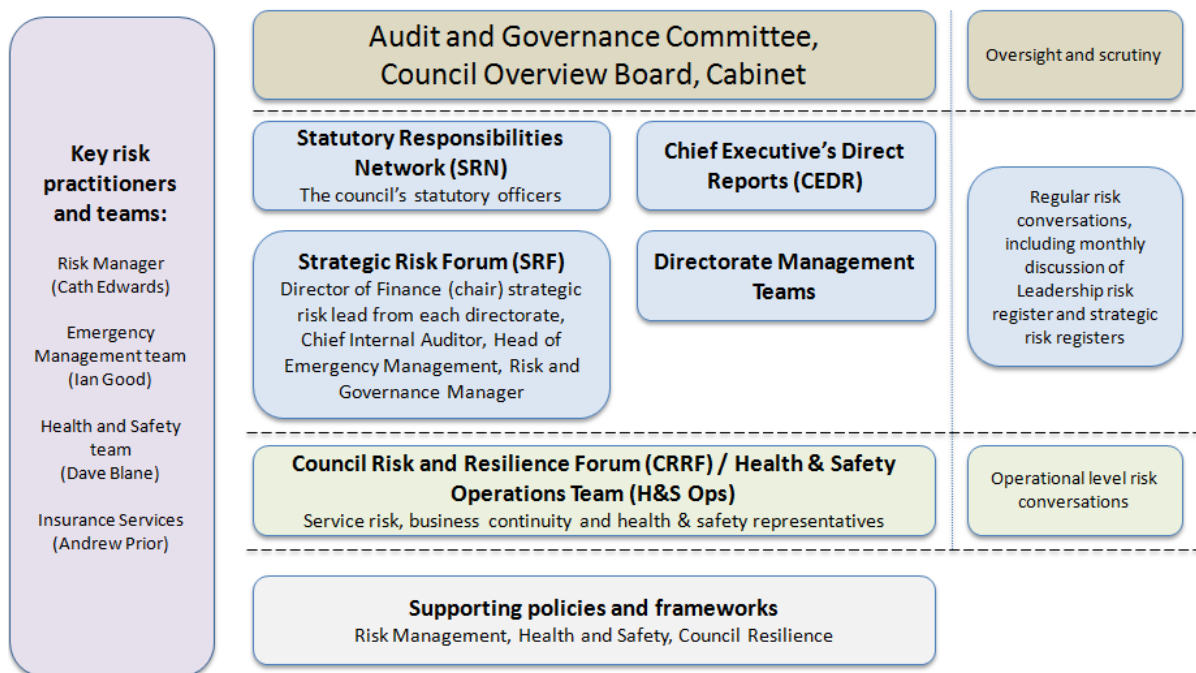

Risk management is a continuous and evolving process that runs through everything we do. It focuses on the identification and treatment of risks and opportunities through increasing the probability of success and reducing the likelihood of failure.

Key actions

During 2015/16 three risk management actions will be prioritised to support the achievement of the council’s corporate strategy:

1. Continue to promote a positive risk culture, including developing and understanding the council’s risk appetite and tolerance.
2. Develop the risk registers to ensure they are fit for purpose, consistent and support risk discussions across the council.
3. Present risk information in a clear and user-friendly way using visual techniques.

Risk governance

The strategic lead officer for the corporate risk management arrangements is Sheila Little, Director of Finance and she is supported by Cath Edwards, Risk and Governance Manager.

The Audit and Governance Committee is responsible for monitoring the effectiveness of the risk management arrangements.

Roles and responsibilities

ROLE	RESPONSIBILITIES
The Cabinet	Oversee effective risk management across the council and ensure that key risks are identified, managed and monitored.
Portfolio Holders	Ensure that key risks within their portfolio are effectively managed through discussions with senior officers. Contribute to the Cabinet review of risk and be proactive in raising risks from the wider Surrey area and community if appropriate.
Scrutiny Boards	Monitor and challenge key risk controls and actions.
Audit and Governance Committee	Provide independent assurance to the council on the effectiveness of the risk management arrangements. Annually approve the risk management strategy.
Leadership Team	Ensure effective implementation, monitoring and review of the council's risk management arrangements. Identify, own and manage key risks facing the council.
Strategic Directors	Own their risk register and regularly identify, prioritise and control risks as part of wider council performance. Ensure that risk management is consistently implemented in line with the council's Risk Management Strategy and proactively discuss risk with senior officers and members.
Heads of Service	Own their risk register and regularly identify, prioritise and control risks as part of wider council performance. Challenge risk owners and review actions to ensure controls are in place and monitored. Support and have a regular dialogue with risk representatives and ensure that risk management is consistently implemented in line with the council's Risk Management Strategy.
Managers	Take ownership for actions and report progress to management. Co-operate and liaise with risk representatives and report any new or emerging risks.
Staff	Assess and manage risks effectively and report risks to management.
Risk and Governance Manager	Lead on the implementation of the risk management arrangements, including moderating and challenging risk across the organisation and providing training and communication. Centrally hold and publish all council risk registers and facilitate the review and challenge of the Leadership risk register.
Strategic Risk Forum	Review strategic risk through challenge and moderation and make recommendations to senior management on changes to the corporate risk arrangements and strategic risks. Lead on the review of risk culture across the organisation and identify and escalate common themes and issues through sharing learning and best practice.
Risk representatives	Embed and aid understanding of risk across the council and support management with the review of risk, including the risk register, as part of performance monitoring.
Internal Audit team	Annually audit the council's risk management arrangements and use risk information to inform the annual internal audit plan to ensure that internal controls are robust.

Review

The Risk Management Strategy and plan is reviewed annually. For any queries or comments on this document please contact Cath Edwards, Risk and Governance Manager.
