

Draft Preferred Options Consultation Questions

Section 1 Introduction (pp. 6 – 8 of Preferred Options Consultation Report)

Question 1.

Surrey County Council as the Waste Planning Authority (WPA) has to comply with specific requirements in the Town and Country Planning (Local Planning) (England) Regulations.

Do you feel you understand the process that we are following?

If not, what could we explain better?

Section 2 What factors are influencing the emerging Waste Plan? (pp. 9 – 10 of Preferred Options Consultation Report)

Question 2.

Do you think we have identified appropriate drivers and influences that will influence the emerging plan?

If not, why not?

What other drivers you think are important for Surrey County Council to consider in developing its Waste Local Plan?

Section 3 What are we aiming to achieve? (pp. 11 – 13 of Preferred Options Consultation Report)

Question 3.

Do you think the draft vision for the SWLP 2018 – 2033 is sufficiently ambitious?

Do you think the draft vision for the SWLP 2018 – 2033 is achievable?

Does the draft vision demonstrate a positive approach to planning for waste related development?

Do you have any comments about how the draft vision could be improved?

Question 4.

Do you think the proposed draft objectives will help Surrey County Council meet the draft vision?

Do you have any comments about how the draft objectives could be improved?

Question 5

Do you think the draft spatial strategy will help Surrey County Council implement the draft vision?

Do you have any comments about how the draft objectives could be improved?

Question 6

Do you agree with the proposed plan period for the SWLP 2018 – 2033?

If not, what period you think the plan should cover?

Section 4 How will we deal with any overlapping or related policy documents? (pp. 14 of Preferred Options Consultation Report)**Question 7**

Do you have any comments on the Statement of Community Involvement?

Question 8

Do you agree with the approach to update any references in the Surrey Minerals Plan after the new SWLP 2018 – 2033 has been adopted?

If not, why not?

What alternative approach would you like Surrey County Council to consider?

Question 9

Do you agree with the approach to update references in the Aggregates Recycling Joint DPD after the new SWLP 2018 – 2033 has been adopted?

Do you agree with the approach to assess the suitability of sites for aggregates recycling as part of the review of sites in the SWLP 2018 – 2033?

If not, why not?

What alternative approach would you like Surrey County Council to consider?

Section 5 How are we going to provide sites and areas for waste related development? (pp. 15 of Preferred Options Consultation Report)**Question 10**

Do you think that safeguarding waste facilities is important to meet our targets?

Do you have any comments on how we safeguard sites?

Question 11

Do you agree with the approach to base criteria on those in the National Planning Policy for Waste (NPPW)?

Do you agree with the approach of sieving sites through the proposed set of Preliminary Criteria?

Do you agree with the approach of then undertaking a more detailed assessment based on the proposed set of Secondary Criteria?

If not, why not?

What alternative approach would you like Surrey County Council to consider?

Question 12

Do you have a site that you would like to be considered for inclusion in the SWLP 2018 – 2033 and if so, have you completed a site nomination pro-forma (link)?

Section 6 How are we going to cooperate with other organisations? (pp. 16 of Preferred Options Consultation Report)**Question 13**

Do you have any comments regarding the Duty to Cooperate (DtC) Scoping Statement?

Do you consider that the DtC Scoping Statement will help Surrey County Council demonstrate that it has met the DtC?
