

Common Principles of Surrey Fair Access Panels

Introduction

This document forms part of the Framework for Surrey's Fair Access Protocol and should be read in conjunction with that document.

Common Principles

1. All schools are expected to participate in the panel process.
2. The representative from the school has delegated responsibility.
3. If a school has no representation at a panel, that school could still be allocated a fair access child.
4. For own admission authority schools, the delegated representative should not need to seek prior or subsequent authorisation from their governing body to admit a fair access child. This is because when a child is placed in accordance with the Fair Access Protocol, the admission authority for that school must admit the child.
5. All children must be placed at the panel.
6. Paperwork should be circulated at least 5 school days before a panel.
7. Paperwork should be as comprehensive as possible and should include information made known to the Admissions team or the Area Lead for Pupil Support / Pupil Referral Unit as appropriate.
8. Attendees are expected to have read the paperwork in advance of the panel.
9. Panel paperwork should include a named person and contact details for the previous school if available.
10. Placement decisions should be made in the best interests of the child.
11. Generally a child is expected to be placed within the area where they were previously at school, even if their preference is for schools in another panel area. This is to increase a school's accountability for a child leaving that school.
12. Where a placement in another panel area is thought to be in the child's best interests, the Area Lead for Pupil Support or the Chair of the panel for the area where the child was previously at school, or the Chair of the panel for the area where the child lives if they have moved into the area, will facilitate cross-quadrant or cross-borough discussion to agree which panel will place the child.
