

DEVELOPING A VISION FOR SURREY

Surrey is a great place to live where many residents and businesses thrive.

There are also growing pressures for the county – population, resources, infrastructure, green belt.

It's important we decide what we want Surrey to be like in the future **to ensure no one is left behind.** A shared vision will help inspire and enable us to achieve better outcomes together for everyone in Surrey.

Visit surreycc.gov.uk/vision2030 to add your voice to the discussion. The opportunity is open until 3 September.
