

CABINET RESPONSE TO ENVIRONMENT SELECT COMMITTEE

UPDATE TO THE SURREY TRANSPORT PLAN: STRATEGIES AND ASSOCIATED DEVELOPER GUIDANCE REGARDING EMISSIONS REDUCTION

COMMITTEE RECOMMENDATIONS:

1. For the inclusion of a specific indicator in the low emissions transport strategy which measures travel behaviour.
2. For both air quality and carbon emissions data and indicators within the Low Emissions Transport Strategy to be developed and reported back to the Committee in the next 12 month as part of ongoing performance monitoring.
3. The Cabinet Member for Environment and Transport to lobby the DfT for funding (where appropriate) to support the objectives of the Electric Vehicle Strategy and Low Emissions Transport Strategy.
4. The Low Emissions Transport Strategy and Electric Vehicle Strategy to be shared with partners including the County Councils approved transport providers after Cabinet approval.
5. For SCC fleet vehicles to be reviewed and replaced with low emission vehicles, electric vehicles and charging infrastructure as appropriate.

RESPONSE:

1. Travel behaviour has been included as an indicator on page 29 of the Low Emissions Transport Strategy.
2. This will be carried out over the next 12 months.
3. Lobbying will be undertaken for funding when the appropriate opportunities arise.
4. This will be carried out once the strategies are approved by Cabinet and will be made available to the public via the Surrey County Council web site.
5. To be undertaken as and when appropriate.

Mike Goodman
Cabinet Member for Environment & Transport
27 November 2018
