

Expected outcomes of the THRIVE Framework

What difference will it make?

- Improve functioning and life chances of all children, young people and families in the area
- Children, young people and families more empowered to manage their own mental health and make the best use of the resources available, including managing any ongoing mental health issues
- Children, young people and families feel more involved in decision making about their help and support
- Children and young people's mental health needs identified earlier and appropriately responded to earlier
- Professionals working to support children, young people and families report more positive experience of partnership working
- Improvement in access to appropriate mental health help and support: reduction in waiting times for specialist mental health and wellbeing help across the system e.g. fewer inappropriate referrals and discharges
- Increased engagement and attendance across the system with greater opportunities for support to be provided within the community where appropriate and preferred
- Reduction in children and young people passed from one place to the other via interagency referrals through a greater interagency understanding and vision of what can be helpful in supporting children and young people's mental health and wellbeing
- Greater openness and a shared understanding between all target groups about when to end help
- Shared outcomes framework understood by all target groups
