

Surrey Local Firefighters' Pension Board 3 July 2019

Surrey Firefighters' Pension Risk Register

Recommendations:

The Board is asked to note the content of this report, including changes to the scoring of current risks and the inclusion of additional risks, and approve the Surrey Firefighters' Pension Scheme (FFPS) Risk Register (shown as Annex 1). The Board is further asked to make recommendations of any amendments to the Surrey FFPS Risk Register.

Background

1. Good governance ensures that there is an appropriate Risk Register in place. It is also a requirement of the Pensions Regulator's code of practice on the governance and administration of public service pension schemes to have in place a Risk Register which is regularly reviewed.
2. In a meeting on 29 March 2018, the Surrey FFPS Local Pension Board (the Board) noted the Risk Register for the Surrey FFPS.
3. The Surrey FFPS Risk Register consists of relevant risks to the Surrey FFPS. It contains the range of risks to be considered by the Board for comment on whether the risks seem appropriate and that the Inherent and Residual risks are set at the correct level.
4. The Surrey FFPS Risk Register seeks to adopt best practice in the identification, evaluation and control of risks in order to ensure that the risks are recognised and then either eliminated or reduced to a manageable level. If neither of these options is possible, then means to mitigate the implications of the risks should be established.
5. Each of the risk areas in the Register has been assessed in terms of its impact on the Surrey FFPS. Assessment has also been given as to the likelihood of the risk.
6. Each of the three areas of impact identified above is assessed on a scale of one to four, with four implying the highest level of impact. The likelihood of the risk description (between one and five) is then applied to the combined impact score,

which produces an overall risk score. Depending on the score, the risks are then identified as Red, Amber or Green.

7. To comply with best practice, a scoring process has been implemented, which will reassess the risk scores after the mitigating action taken to control and reduce the risks. The risk register includes a revised impact score and net risk score as a result of those mitigating actions.

Changes to existing risks

8. The Risk Register risk ratings have been updated to reflect Members' comments from previous Board meeting

Next steps

9. On approval from the Board the Surrey FFPS Risk Register will be amended and then reviewed and reported to the next Board meeting.
