Total Cost for all ages	181,160		207,150		228,070	

Page 239

Assumptions

- This is based on the SCC proportion of council tax for a band B property in Surrey - £1,130.50
- Out of County based on the Surrey CC band B property
- For independent living a single person 25% discount has been applied and for semi-independent this is based on 4 sharing
- The number of care leavers increases in line with estimated trajectory
- The numbers of care leavers placed out of county reduces by 20% a year with more young people being placed in county.
- It has not been possible to ascertain the district and borough for every child, and so for those where there isn't a D&B available this has been added to the out of county total.
