DATE: 17/06/2013

LEAD OFFICER: Garath Symonds, Assistant Director for Young People

SUBJECT: Services for Young People Commissions in Epsom & Ewell
2012/13

DIVISION: ALL

**SUMMARY OF ISSUE:**

The purpose of this report is to update the Local Committee on the progress we have made towards participation for all young people in Epsom & Ewell in post-16 education, training and employment during 2012-13. This is the overarching goal of Services for Young People and our strategy to achieve it is set out in 'The young people's employability plan 2012-17'.

In particular this Local Committee report focuses on how the different commissions managed by the Commissioning and Development Team have contributed to this goal, keeping in mind that these are only a part of the system that is working to increase participation. Please note that the majority of detailed performance information is provided in two Appendices to this report.

Next steps have also been included to set out how we will keep the Local Committee informed about developments and our progress during the year ahead.

RECOMMENDATIONS:

The Local Committee (Epsom & Ewell) is asked to note:

- (i) The progress Services for Young People has made during 2012/13 to increase participation for young people in Epsom & Ewell, as set out in the appendix to this report

REASONS FOR RECOMMENDATIONS:

The Local Committee has an important part to play in supporting the local development of Services for Young People, ensuring that we are providing the right support to young people in local communities. In particular they have an important formal role in relation to the Local Prevention Framework.

1. INTRODUCTION AND BACKGROUND:

- 1.1 This report is for information. It provides: a summary of the participation of young people in Epsom & Ewell; an overview of how our different commissions have performed during the year; and a brief outline of how we will keep the Local Committee informed of our progress during 2013/14.

- 1.2 2012/13 has been a year of transition in Services for Young People, during which we have established a range of new commissions and services that prepare and help young people to participate in education, training and employment when they leave school. At the end of March 2013, this new system of services had reduced the number of young people who are not in education, employment or training (NEET) by 12% when compared to the same time last year - a real success for young people in the county.

2. ANALYSIS:

- 2.1 The appendix to this report provides a more detailed overview of the performance of Services for Young People in Epsom & Ewell, but some key headlines have been included below for information.
- 2.2 In Epsom & Ewell, Services for Young People has the best understanding of what young people are doing in Years 12 to 14 of all Surrey's districts and boroughs. We have confirmed whether or not 96.5% of young people in the borough are participating in education, training or employment, compared to countywide average of 93.6%. Where we do not know the current activity of young people, they are often referred to as 'unknowns'. Having a lower number of 'unknowns' means we can be more confident that we are providing support to improve outcomes for all those young people in Epsom & Ewell who are not in education, employment or training (NEET).
- 2.3 Lintons Youth Centre delivered 537 hours of youth work during 2012/13 compared to 467 in the previous year, whilst the Edge Youth Centre has engaged with 44 young people who were identified as at risk of becoming NEET or had previously received Youth Restorative Interventions (YRIs).
- 2.4 3,239 young people in Epsom & Ewell schools and post-16 providers accessed online Information, Advice and Guidance as part of the Youth Engagement Contract. This equates to more than 11% of registrations in Surrey, whilst only 7% of young people aged 10-19 live in Epsom and Ewell.
- 2.5 In February 2013 we opened a Skills Centre at Lintons Youth Centre, delivered by Nescot College, to provide formal training to young people who would otherwise be NEET. Already six young people have completed a Skills Centre course which focused on developing functional skills, personal and social development, employment skills as well as providing vocational tasters. These young people will now be supported to access a long term outcome such as employment or further education and we expect a total of twelve young people to have accessed this local provision before September 2013, in line with the planned yearly target.
- 2.6 During the year, the Commissioning and Development Team has worked alongside our different providers across the county to ensure they are delivering to a high standard and improving outcomes for young people.

3. OPTIONS:

- 3.1 There are no options in relation to this 'for information' report.

4. CONSULTATIONS:

- 4.1 During 2012-13 there has been wide ranging consultation with young people, staff, and partner agencies. The Youth Engagement Contract has secured feedback from more than 35,000 young people across Surrey in relation to different aspects of our services, the information we provide and local issues. Members have been consulted through the Local Committee Youth Task Group, Youth Steering Groups at some of our Youth Centres and were central to the review of the Local Prevention Framework completed early this year. The feedback from these different consultations has directly contributed to the development of our services during the year.

5. FINANCIAL AND VALUE FOR MONEY IMPLICATIONS:

- 5.1 The budget allocated to each of the commissions managed by the Commissioning and Development Team in Epsom & Ewell is provided in the Appendix.
- 5.2 It is anticipated that the local commissioning of the Local Prevention Framework, which is currently underway, will offer better value for money, as the outcomes commissioned will be more closely aligned to local needs.

6. EQUALITIES AND DIVERSITY IMPLICATIONS:

- 6.1 Through local commissioning and needs analysis we focus our resources on identifying and supporting those young people who are most at risk of experiencing negative outcomes in the future. This group includes young people from a wide range of backgrounds and its make up often varies between different parts of the county.

7. LOCALISM:

- 7.1 Localism is at the heart of much of the activity commissioned and delivered by Services for Young People and all our services are co-produced (developed, designed and delivered) with young people from local communities. Particular examples of localism in action are the Local Prevention Framework, Small Grants programme and Steering Groups at Youth Centres.
