Dear Mr Kwarteng,

Proposed Public Path Extinction Order: Footpath 18, Staines on Thames

On behalf of Spelthorne Joint Committee, I write to you to request your further attention to the ongoing issue of the proposed closure of Footpath 18 in Staines which continues to cause residents concern.

We have now been notified of the draft order to extinguish the footpath and will be registering our objections in the strongest terms. We anticipate that this proposal will attract a wealth of local opposition resulting in a public inquiry. In the event of this happening, we are seeking your backing to uphold this stance, thus reflecting the views of your constituents.

The Committee remains strongly against any move to extinguish the footpath and remove this facility from public use and request that you confirm your support for our position.

We look forward to hearing from you.

Yours sincerely,

Richard Walsh
Chairman
