SUPPLEMENTARY PAPER TO GO WITH UPDATED ANNEX 1 (GUILDFORD PK RD OPTION 10)

Guildford Park Road Improvements

Following discussions with colleagues at Surrey County Council the proposed layout has been revised to the attached scheme (Option 10).

Section 2.2 of the report lists the main characteristics of the proposals and the revised layout has the following changes:

- The pedestrian crossing between the rail station entrance and the northbound bus stop is a pedestrian island instead of a raised table. It retains the existing island, which is extended further northwards.

- The taxi rank on the plan is shown as removed and not relocated.

- A cycle hub location is excluded. This will reduce the loss of car parking at the ‘corner area’ to two spaces and not three.
