

Waverley Local Committee Decision Tracker

This tracker monitors progress against the decisions that the Local Committee has made. It is updated before each committee meeting.

- Decisions will be marked as 'open', where work to implement the decision is ongoing.
- When decisions are reported to the committee as **complete**, they will also be marked as 'closed'. The Committee will then be asked to agree to remove these items from the tracker.
- Decisions may also be 'closed' if further progress is not possible at this time, even though the action is not yet complete. An explanation will be included in the comment section. In this case, the action will stay on the tracker unless the Committee decides to remove it.
