

Planning & Regulatory Committee 3 September 2020

Item No 7

UPDATE SHEET

MINERALS/WASTE TA/2019/2147

DISTRICT(S) TANDRIDGE DISTRICT COUNCIL

Mercers South Quarry, Bletchingley Road, Nutfield, Surrey RH1 4EU

The extraction and screening of sand from Mercers South with progressive restoration to agriculture using inert waste materials, together with associated infrastructure, on a site of 52.2ha and the temporary diversion of public footpath 173 for the duration of the operations without compliance with Condition 8 of planning permission ref: TA/2019/34 dated 6 June 2019 so as to allow revision to the numbers of HGV movements.

Please note the Officer Report should be corrected as follows:

HIGHWAYS, TRAFFIC & ACCESS

Paragraph 105

This paragraph is corrected to read as follows:

“The applicant has proposed updated HGV movements for the life of the quarry within the TA addendum submitted following concerns raised by Officers in respect of the need for the proposal. The revised HGV movements have been updated for both sand extraction and landfill operations in line with the permitted life of the quarry set out in the revised Table 6: HGV Movements over life quarry/ landfill (average daily activity) updated in the February 2020 Addendum Transport Assessment. With regard to sand extraction the applicant predicts extraction would equate to approximately 250,000 tonnes per year, equating to approximately 96 HGV movements per day from 2019 to the cessation of sand extraction in 2034. Then with regard to landfill operations the applicant predicts approximately 302,000 tonnes per year would be required to back fill the quarry which would equate to 160 movements until 2036. Therefore, years 2019 to **2034** would involve both extraction and filling HGV traffic, resulting in a combined 256 movements per full working day, reducing in the last two years of filling to 2036”
