**RUNNYMEDE LOCAL COMMITTEE  
PETITION  
8 JULY 2013**

**KEY ISSUE**

To advise the Committee that a petition has been received from the residents of Lyne Road.

**SUMMARY**

This petition raises concerns about a width restriction installed in Lyne Road in February 2012, following a decision to advertise a traffic regulation order to this effect at the Local Committee in October 2011.

Those signing the petition “agree that the new barrier raises concerns regarding safety to lives and properties and this situation must not be allowed to continue”.

**ELECTORAL DIVISION AND MEMBER**

Foxhills, Virginia Water & Thorpe – Mr Mel Few

As the petition has only recently been submitted, officers will consider the points raised and prepare a full response for the next meeting of the Committee on 30 September 2013. The petition is attached at Annex A.

**ANNEX A – PETITION FROM LYNE ROAD RESIDENTS**

The petition and covering letter attached to the petition are appended below.

CONCERNS OVER THE NEW BARRIER IN LYNE ROAD

The undersigned agree that the new barrier raises concerns regarding safety to lives and property and this situation must not be allowed to continue.

CONCERNS OVER THE NEW RELOCATED BARRIER LYNE ROAD

Along with all the other reasons I quoted in January 2012, one major problem has come to light. With the removal of the barrier on the east part of Lyne Road, we are experiencing complete road blockage caused by larger vehicles tipping debris in the centre of the road which can remain for many days. As fire engines and emergency vehicles can only enter Lyne Road from the "Paddocks" end and in the event of the road being impassable, every property in Lyne Road would be without cover for these services.

I suggest removal of the barrier to the right on entering Lyne Road and securing a suitable notice on the remaining barrier such as "Only authorised HGV's beyond this point" allowing a fire engine entry from either end and making it clear to other HGV drivers that the road is unsuitable for their vehicle. This would give us peace of mind that we and our properties are safe.

If you agree with the above, please sign this petition. However should you have other views on the matter, I would appreciate your input.

I propose passing this petition to our councillor, Mel Few, so that the matter can be considered at a Council meeting in July, or even set the ball rolling before that date, as I am sure you will agree it is extremely important.

Thankyou.

26.5.2013
