

# Local Committee Decision and Action Tracker

This tracker monitors progress against the decisions and actions that the Local Committee has made. It is updated before each committee meeting.

- Decisions and actions will be marked as '**open**', where work to implement the decision is ongoing by the Local/Joint Committee.
- When decisions are reported to the committee as '**complete**', they will also be marked as '**closed**'. The Committee will then be asked to agree to remove these items from the tracker. For some decisions the Committee and public will be able to monitor the progress through Surrey County Council website. A link to the webpage will be included on the item when marked as complete.
- Decisions may also be '**closed**' if further progress is not possible at this time, even though the action is not yet complete. An explanation will be included in the comment section. In this case, the action can remain on the tracker should the Committee request.

Ref number	Meeting Date	Decision	Status (Open/ Closed)	Officer
1	25 Feb 2021  Petition Feb 21	Chobham petition for crossings to St Lawrence School and recreation area – to review the progress with the school, the road safety team and signage.	Open	Area Highways Manager
<p>UPDATE:-</p> <p>The road safety outside schools assessment was carried out on June 2021 and the resulting report detailing the findings was subsequently sent to the school and divisional member. The report suggests considering introducing improved warning signs as well as a Puffin Crossing on the A319 Bagshot Road (between its junction with the Co-op store and the High Street).</p> <p>The signing improvements can be funded from existing budgets and an order has been raised. The new signs should be installed within the next 8-10 weeks.</p> <p>The proposal to introduce a puffin crossing on the A319 Bagshot Road (between the junction with the High Street and the Co-op store) is a significantly more costly improvement that will initially require further feasibility and design work. This proposal has therefore been added to the Surrey Heath scheme list. As a result, it will be assessed and ranked against other schemes on the list and considered for inclusion in future Surrey Heath Local Committee works programmes (or progressed with an alternative source of funding if identified).</p> <p>The petition also raised concerns about the difficulty of crossing Station Road and a proposal to introduce improved pedestrian crossing facilities near the main pedestrian access to the recreation ground has also been added to the list of schemes to be considered for inclusion in future Surrey Heath work programmes.</p>				
2	25 Feb 2021  Petition Oct 18 and info item Feb 21	Upper Chobham Road crossing for Ravenscote school – new measures to be reassessed and further recommendations to come to the Committee.	Open	Area Highways Manager
<p>UPDATE:-</p> <p>Initially, a detailed assessment of the impacts of the traffic calming measures introduced at the uncontrolled pedestrian crossing point in Upper Chobham Road was to be undertaken to help determine whether consideration should be given to introducing further measures at the location.</p>				

However, a distressing incident then occurred in June 2021 when a pupil walking to Tomlinscote School was seriously injured in a collision in Old Bisley Road close to Ravenscote School. Following this incident it was decided that the original assessment should be expanded to also include a wider assessment of road safety around the Ravenscote, Tomlinscote and St Augustine's schools.

A meeting was then held with the headteachers from the schools to identify their key safety concerns prior to Officers from Surrey Police and the county council's road safety and area highway teams carrying out a site assessment on 8 October 2021. Further to this assessment, a series of speed surveys are also shortly to be carried out in Upper Chobham Road, Old Bisley Road and Chobham Road. Once the results of the site assessment and speed surveys have been analysed, the findings and recommendations will be reported to the Surrey Heath Local Committee and headteachers of the schools (over the next couple of months).
