Our Commissioning Strategy

Based upon identified need and aligned to Police & Crime Plan

Our Principles: We focus on service user; we work in partnership; we innovate whilst respecting and building on good practice; we ensure value for money.

Fair & transparent management of over £4.7M (2021/22)

"New research shows small and local charities' distinctiveness in who they support, how they carry out their work, and the role they play in their communities makes them best placed to respond to this crisis."

2

Our Technology

The team makes use of Sums.org to administer all our funding and to run the online application process.

The cloud-based platform allows for easy and secure sharing of data with staff members, service providers, stakeholders and residents, greatly improving our funding transparency and the team's overall efficiency.

The platform works on any internet enabled device, including smartphones and tablets – allowing access from anywhere.

From December 2020, new money and new PCC...

- Bid to secure additional funding for new services - £644k
- Stalking service – working in partnership with outreach, V&WCU and Suzy Lamplugh Trust.
- Child Criminal Exploitation service – open process with new DPCC as public face to promote opportunity.
- IRIS – securing the sustainability of IRIS on East and working with SCC and CCG to roll out wider
- Perpetrator Intervention– working in partnership with police, SCC and outreach, then Home Office funding arrives in July 2021!

7

And a summer of bids, bids, bids...

- MOJ DA & SV uplift - £225,000 awarded – 10 projects, including SMEEF Trust project and homicide/suicide research of national significance.
- MOJ IDVA & ISVA Fund - £1.1M awarded
- Home Office Perpetrator Fund - £502k award
- Safer Streets 3 – £174k awarded for Basingstoke Canal
- Safety of Women at Night Fund - awareness campaign - £134k bid

Perpetrator Programmes

£502,000 in funding has been acquired from the Home Office to support delivery of the following two programmes:

Compulsive and Obsession Behaviour Intervention (COBI) programme: The service will allow Surrey Police to respond to an increase in reported stalking offences and to fulfil some of the positive intervention requirements set out in the Stalking Protection Act 2019.

Intensive DA One-To-One Programme: Surrey Police has recently undertaken extensive work to develop and rationalise its referrals routes for DA perpetrators, ensuring that individuals are appropriately identified, assessed, triaged and managed. Where appropriate, some perpetrators will be offered access to this intensive DA One-to-One Programme, to combat their behaviour.

10

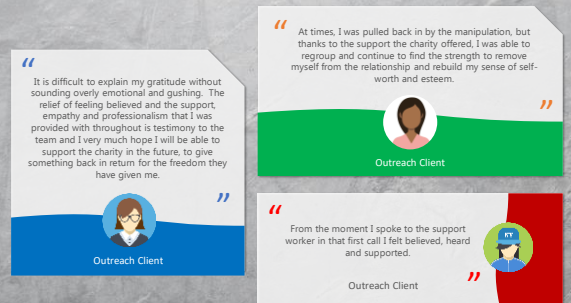

Victim of Domestic Abuse: "I would never have come this far without the tremendous support you have given me. People like you are crucial to victims of crime. Trauma of this kind is a very alien thing to process, and it requires professional help."

Victim of Romance Fraud: "You have been nothing short of instrumental to my recovery and wellbeing. I have come from a very dark place and subject to blackmail and coercive behaviour. You were there and helped me and in doing so helped my beautiful little boy."

Victim of Burglary: "You are just listening to me and letting me speak just a call this morning made me feel that there is someone out there. It's given me a feeling that there is someone is on my side."

11

Outreach Client: "At times, I was pulled back in by the manipulation, but thanks to the support the charity offered, I was able to regroup and continue to find the strength to remove myself from the relationship and rebuild my sense of self-worth and esteem."

Outreach Client: "It is difficult to explain my gratitude without sounding overly emotional and gushing. The relief of feeling believed and the support, empathy and professionalism that I was provided with throughout is testimony to the team and I very much hope I will be able to support the charity in the future, to give something back, in return for the freedom they have given me."

Outreach Client: "From the moment I spoke to the support worker in that first call I felt believed, heard and supported."

“ Please thank the mediators and to pass my thanks to the service. I was sceptical at first but pleasantly surprised at the effectiveness. ”

Mediation Client

“ The tenant has turned the light off now for the past three nights... the first night I slept for practically 12 hours without waking up at all. The second night was much the same and I am beginning to feel as though I am able to function again. Thank you once again for your support, it really gave me the confidence to speak to the estate agent. ”

Mediation Client

“ The coach saved my life. Without coaching I would not be here. ”

“ I was offered a place quickly and just over a week after I applied I moved in. It was scary at first but I settled in after a few weeks. The staff were really helpful especially my team leader, Tom, he helped me get support for my mental health. He really made time for me and was a really good listener. Being around people who had been through similar things was helpful too – we all help each other out. ”

Amber User

“ There was always someone to talk to and to make me laugh, I remember one night when I was struggling, I sat out on the field and one of the support workers came and joined me and chatted for ages. He made me feel like I wasn't alone. ”

Amber User

“ If I hadn't come to Amber, I think I'd be dead or in prison. I would definitely still be using as I couldn't see any way out from the situation that I was in. Amber saved me. ”
