

Local Committee Decision and Action Tracker

This tracker monitors progress against the decisions and actions that the Local Committee has made. It is updated before each committee meeting.

- Decisions and actions will be marked as '**open**', where work to implement the decision is ongoing by the Local/Joint Committee.
- When decisions are reported to the committee as '**complete**', they will also be marked as '**closed**'. The Committee will then be asked to agree to remove these items from the tracker. For some decisions the Committee and public will be able to monitor the progress through Surrey County Council website. A link to the webpage will be included on the item when marked as complete.
- Decisions may also be '**closed**' if further progress is not possible at this time, even though the action is not yet complete. An explanation will be included in the comment section. In this case, the action can remain on the tracker should the Committee request.
