7

SUMMARY OF ISSUE:

This report presents the council's financial position at the end of period 6 – September of the 2013/14 financial year, with particular focus on the year end revenue and capital budgets forecasts and the achievement of efficiency targets.

Please note that Annex 1 to this report will be circulated separately prior to the Cabinet meeting.

RECOMMENDATIONS:

Cabinet is asked to note the following:

1. forecast revenue budget underspend for 2013/14 of £1.4m on services, adding the unused £13m risk contingency brings this to £14.4m overall (paragraph 1);
2. forecast ongoing efficiencies & service reductions achieved by year end (paragraph 63);
3. forecast capital budget position for 2013/14 (paragraphs 66-70)
4. management actions to mitigate overspends (throughout this report).
5. quarter end balance sheet as at 30 September and movements in earmarked reserves and debt outstanding (paragraphs 71 to 78).

Cabinet is asked to approve the following:

6. request to drawdown the unused 2011/12 Whole System funding (£7.5m) to cover slippage on social capital saving (paragraph 13)

REASON FOR RECOMMENDATIONS:

To comply with the agreed strategy of providing a monthly budget monitoring report to Cabinet for approval and action as necessary.

DETAILS:

1. The Council's 2013/14 financial year commenced on 1 April 2013. This is the fourth budget monitoring report of 2013/14. The budget monitoring reports for this financial year have a greater focus on material and significant issues, especially the tracking of the efficiency and reduction targets within the Medium Term Financial Plan. The reports also have a greater emphasis on proposed actions to be taken to resolve any issues.

2. The Council has implemented a risk based approach to budget monitoring across all directorates and services. The risk based approach is to ensure we focus resources on monitoring those higher risk budgets due to their value, volatility or reputational impact.
3. There is a set of criteria to evaluate all budgets into high, medium and low risk. The criteria cover:
 - the size of a particular budget within the overall Council's budget hierarchy (the range is under £2m to over £10m);
 - budget complexity relates to the type of activities and data being monitored (the criterion is about the percentage of the budget spent on staffing or fixed contracts - the greater the percentage the lower the complexity);
 - volatility is the relative rate at which either actual spend or projected spend move up and down (volatility risk is considered high if either the current year's projected variance exceeds the previous year's outturn variance, or the projected variance has been greater than 10% on four or more occasions during this year)
 - political sensitivity is about understanding how politically important the budget is and whether it has an impact on the Council's reputation locally or nationally (the greater the sensitivity the higher the risk).
4. High risk areas report monthly, whereas low risk services areas report on an exception basis. This will be if the year to date budget and actual spend vary by more than 10%, or £50,000, whichever is lower.
5. Annex 1 to this report sets out the Council's revenue budget forecast year end outturn as at the end of September 2013. The forecast is based upon current year to date income and expenditure as well as projections using information available to the end of the month.
6. The report provides explanations for significant variations from the budget, with a focus on staffing and efficiency targets. As a guide, a forecast year end variance of greater than £1m is material and requires a commentary. For some services £1m may be too large or not reflect the service's political significance, so any variance over 2.5% may also be material.
7. Also, Annex 1 to this report updates Cabinet on the Council's capital budget.
8. Appendix 1 provides details of the directorate efficiencies and revenue and capital budget movements.
9. To aid transparency and quicken final accounts, the council produces the financial statements at each quarter. Annex 2 reports the updated balances sheet as at 30 September 2013, accounts receivable position and earmarked usable reserves.

Financial and value for money implications

12. The report considers financial and value for money implications throughout and future budget monitoring reports will continue this focus. The Council continues to have a strong focus on its key objective of providing excellent value for money.
