

# Oxted Quarry

# Restoration Plan

**Restoration Proposals**

**Aims**

- To integrate the worked and restored quarry into its local landscape character and setting
- To create varied habitats to potentially increase the biodiversity of the site and its local area
- To conserve and protect social/historic resources within the site

**Legend**

- Site boundary
- Existing trees and scrub woodland
- Proposed tree and shrub planting (Species to be agreed)
- Chalk escarpment as existing
- Conservation area
- Calcareous grassland
- Existing external woodland
- Attenuation Pond
- Public rights of way
- Proposed contours
- 250
- A-A' Cross-section Location (Refer to Drawing No. M11.137.20)

**Notes**

Area I : Within the existing scrub woodland small clearings and chalk escarpment will be retained and managed as appropriate.

Area II: Area of archaeological interest.

Area III: Area to be managed for calcareous grassland.

Area IV: Existing scrub woodland to be retained.

<b>DRAW NO.</b> M11.137.09	<b>REVISION</b>

**The Restoration Aims will be achieved through:**

- The planting and natural regeneration of the higher elevations of the south facing woodland escarpment ridge.
- Establishment of the floristically rich calcareous grassland throughout the site both as grazing land and also as conservation area which may include bare earth.
- The creation of foraging habitats for species including Dormouse, Bats, Butterflies and Badgers.
- Retention and conservation of the Oxted limeworks kilns and remaining associated rail lines.
- Afteruse and management plan for all elements of the restored land use to be produced.
