

# Local Committee Decision and Action Tracker

This tracker monitors progress against the decisions and actions that the Local Committee has made. It is updated before each committee meeting. (Update provided on 05/11/2020).

- Decisions and actions will be marked as **'open'**, where work to implement the decision is ongoing by the Local/Joint Committee.
- When decisions are reported to the committee as **'complete'**, they will also be marked as **'closed'**. The Committee will then be asked to agree to remove these items from the tracker. For some decisions the Committee and public will be able to monitor the progress through Surrey County Council website. A link to the webpage will be included on the item when marked as complete.
- Decisions may also be **'closed'** if further progress is not possible at this time, even though the action is not yet complete. An explanation will be included in the comment section. In this case, the action can remain on the tracker should the Committee request.

4	26 November 2018	Feasibility study to be carried out in 19/20 to consider safety improvements in Ember Lane, Esher	Closed	Area Highways Officer	Study complete and reported to Committee. <b>Complete</b>
5	26 November 2018	Feasibility study to be carried out in 19/20 to consider improvements for non-motor vehicle users in the vicinity of the Blundel Lane railway bridge	Closed	Area Highways Officer	Traffic surveys complete to investigate impact of traffic management based solution. Local members felt impact would be too great, and therefore feel the only solution would be to construct a new bridge. Area Highways Manager would advise not to commence the feasibility work (which itself could cost upwards of £100k) until there is some certainty over whether a new bridge would be affordable with a construction cost likely to be several £M. Action now to report traffic survey results back to Committee. <b>Complete</b>
