

**LOCAL COMMITTEE (TANDRIDGE)**

**DATE:** 12 FEBRUARY 2021

**LEAD OFFICER:** ZENA CURRY, AREA HIGHWAY MANAGER

**SUBJECT:** DRAFT HIGHWAYS FORWARD PROGRAMME 2021/22 – 2022/23

**DIVISION:** ALL TANDRIDGE

**SUMMARY OF ISSUE:**

This report seeks approval of a programme of highway works for Tandridge funded from the Local Committee's delegated capital and revenue budgets.

**RECOMMENDATIONS:**

**The Local Committee (Tandridge) is asked to:**

General

- (i) Note that the Local Committee's devolved highways budget for capital works in 2021/22, subject to approval by full Council in February 2021, is £240,400.
- (ii) Agree that the devolved capital budget for highway works be used to progress both capital improvement schemes and capital maintenance schemes.
- (iii) Note that should there be any changes to the programme of highway works as set out in this report, a report will be taken to a future meeting of Tandridge Local Committee to inform members of the changes.
- (iv) Authorise that the Area Highway Manager, in consultation with the Local Committee Chairman and Vice-Chairman, be able to allocate any additional funding for schemes, in accordance with any guidance issued surrounding that funding.

Capital Improvement Schemes

- (v) Agree that the capital improvement schemes allocation for Tandridge be used to progress the Integrated Transport Schemes programme set out in Annex 1.
- (vi) Authorise that the Area Highway Manager, in consultation with the Local Committee Chairman and Vice-Chairman, be able to vire money between the schemes agreed in Annex 1, if required.
- (vii) Agree that the remaining £30,600 from the £100,000 possible Capital Improvement Schemes (ITS) budget be split equitably between County Councillors (£5,100) to be used towards the funding of an ITS scheme, part match funding of a CIL funded scheme or as an additional contribution

## ITEM 9

towards the Member's capital maintenance scheme (eg. Local Structural Repair).

- (viii) Agree that the Local Committee Chairman, Vice-Chairman and Area Highway Team Manager, together with the local divisional Member are able to progress any scheme from the Integrated Transport Schemes programme, including consultation and statutory advertisement that may be required under the Road Traffic Regulation Act 1984, for completion of those schemes. Where it is agreed that a scheme will not be progressed, this will be reported back to the next formal meeting of the Local Committee for approval.

### Capital Maintenance Schemes (LSR)

- (ix) Agree that the capital maintenance schemes allocation for Tandridge be divided equitably between County Councillors to carry out capital maintenance works in their divisions, and that the schemes to be progressed be agreed by divisional members in consultation with the Area Maintenance Engineer.

### Revenue Maintenance

- (x) Note that the members will continue to receive a Member Local Highways Fund (revenue) allocation of £7,500 per county member to address highway issues in their division; and
- (xi) Agree that the Member Local Highways Fund be managed by the Area Maintenance Engineer on behalf of and in consultation with members.

## **REASONS FOR RECOMMENDATIONS:**

To agree a forward programme of highways works in Tandridge for 2021/22 – 2022/23, funded from the Local Committee's devolved budget.

### **1. INTRODUCTION AND BACKGROUND:**

- 1.1 Tandridge Local Committee receives a devolved budget for highway works in the district, comprising both capital and revenue allocations. The draft Highways Forward Programme for 2021/22 and 2022/23 for capital highways schemes was presented to the informal meeting of the Tandridge Local Committee on 15 January 2021.
- 1.2 This report presents to the Formal Local Committee, the Draft Highways Forward Programme for 2021/22 and 2022/23 for capital highway schemes, subject to approval of the Local Committee's devolved highways budget, by full council in February 2021.
- 1.3 **Capital:** The Local Committee's devolved highways budget for capital works is based on the Medium Term Financial Plan in 2021/22, with each Local Committee receiving £100,000 and a further amount based on a formula which includes factors such as road length and population. Therefore the Tandridge Local Committee's budget for capital works for 2021/22 is £240,400. It is proposed that this capital budget will be split between capital improvement schemes (£100,000) and capital maintenance schemes (£140,400).

- 1.4 It is proposed that the capital ITS maintenance budget of £140,400 will be divided equitably between County Members, resulting in £23,400 per member and that the schemes to be progressed will be identified by members in consultation with the Area Maintenance Engineer.
- 1.5 **Revenue:** Members will continue to receive an allocation of £7,500 per county member to address highways issues in their division.
- 1.6 Table 1 summarises the various funding streams together with the budgets for 2021/22. It also refers to the relevant parts of the report which set out how it is proposed to allocate this funding and the recommendations relating to each funding stream.

**Table 1 – Summary of Local Committee Funding Levels 2021/22  
(subject to agreement by full Council in February 2021)**

- 1.7 In previous years the Local Committee agreed a series of delegated authorities and virements which enable the highways programme to be delivered in a flexible and timely manner. It is proposed that these arrangements are put in place again for 2021/22.
- 1.8 In addition to the Local Committee's devolved budget, there are Countywide capital budgets which are used to fund major maintenance (Operation Horizon), surface treatment schemes, footway schemes, drainage works and safety barrier schemes.
- 1.9 Countywide revenue budgets are used to carry out both reactive and routine maintenance works. The local area team manages a centrally funded revenue budget to carry out drainage investigation and small repairs locally.
- 1.10 The Road Safety Team manages a small Countywide budget to implement small safety schemes which are prioritised by the collision savings they

provide. They also hold a small budget for the maintenance of Vehicle Activated Signs and Wig Wag signs at school crossing patrol sites.

- 1.11 Contributions collected from developers through S106 agreements or Community Infrastructure Contributions (CIL) can be used to fund, either wholly or in part, highway improvement schemes which mitigate the impact of developments on the highway network.
- 1.12 This report sets out the proposed programme of highway works for Tandridge funded from the Local Committee's devolved capital and revenue budget.

## 2. ANALYSIS:

### Capital Improvement Schemes (ITS)

- 2.1 The capital improvement budget is used to carry out Integrated Transport Schemes (ITS) which aim to improve the highway network for all users, in line with the objectives set out in the Local Transport Plan. Subject to approval of the Local Committee's devolved highways budget by full council in February 2021, it is assumed that the Local Committee's devolved budget for highways capital works is £240,400, which is based on the Medium Term Financial Plan in 2021/22.
- 2.2 It is proposed that £100,000 of the £240,400 devolved budget for highways capital works be used to progress capital improvement schemes (ITS), with £69,400 being used to progress schemes from the Integrated Transport Schemes list as shown in **Annex 1**.
- 2.3 It is proposed that the remaining £30,600 of the £100,000 be equitably split giving each member a Capital (ITS) Member's contribution of £5,100. This can be used towards the funding of an ITS scheme, part match funding of a CIL funded scheme or as an additional contribution towards the Member's capital maintenance scheme (LSR). As this funding is a capital allocation, Member's are unable to use this £5,100 towards revenue funded works such as feasibility design/study or to carry out speed surveys.
- 2.4 To improve the planning and delivery of ITS capital improvement schemes a two year rolling programme has been developed. **Annex 1** sets out the suggested ITS forward programme for 2021/22 and 2022/23. It should be noted that a small amount of funding has been allocated under the heading small safety and improvement schemes. This will enable stage 3 road safety audits to be carried out on schemes that were constructed in the previous financial year. It will also be used to address any small improvement requests (such as a new sign or road marking), that arise during the 2021/22 and 2022/23 financial years subject to the approval by the Chairman, Vice-Chairman and relevant divisional member.
- 2.5 It is projected that the Local Committee budget for capital improvement schemes in the 2022/23 financial year will be the same as in the 2021/22 financial year and is therefore subject to change.
- 2.6 It is recommended that the allocation for ITS capital improvement schemes is used as set out in **Annex 1**. It is proposed that the Area Highway Manager, in

consultation with the Chairman and Vice-Chairman, be able to vire money, if required, between the schemes listed in **Annex 1**.

### **Capital Maintenance Schemes (LSR)**

- 2.7 The capital maintenance budget is used to carry out capital maintenance works including local structural repair (LSR) of roads and footways that would not score highly under the County's prioritisation process but the condition of which are of local concern.
- 2.8 It is proposed that £140,400 of the £240,400 devolved budget for highways capital works be used to progress capital maintenance schemes. It is suggested that the capital maintenance budget is divided equitably between County Members, giving each member around £23,400 to spend in their divisions. This should be sufficient to progress either one larger scheme or two smaller schemes. It is proposed that the schemes to be progressed will be identified by the divisional members in consultation with the Area Maintenance Engineer.

### **Members Local Highway Fund (Revenue)**

- 2.9 Members will continue to receive an allocation of £7,500 per county member to address highway issues in their divisions, subject to budget confirmation. It is proposed that the Member Local Highways Fund be managed by the Tandridge Maintenance Engineer on members' behalf.

### **3. OPTIONS:**

- 3.1 The Local Committee is being asked to approve a forward programme of highway works for Tandridge, as set out in this report.

### **4. CONSULTATIONS:**

- 4.1 The proposed programme of highway works for Tandridge has been developed in consultation with the Chairman, Vice-Chairman and members of the Local Committee.
- 4.2 Appropriate consultation will be carried out as part of the delivery of the works programme.

### **5. FINANCIAL AND VALUE FOR MONEY IMPLICATIONS:**

- 5.1 The Local Committee's devolved highways budget for capital works in 2021/22, subject to approval by full council in February 2021, is £240,400.
- 5.2 The Local Committee's devolved highways budget is used to fund works which are a priority to the local community. A number of virements are in place or suggested to enable the budget to be managed, so as to enable the programme to be delivered in a flexible and timely manner.

### **6. EQUALITIES AND DIVERSITY IMPLICATIONS:**

- 6.1 It is an objective of Surrey Highways to treat all users of the public highway equally and with understanding.

**7. LOCALISM:**

7.1 The Highways Service is mindful of the localism agenda and engages with the local community as appropriate before proceeding with the construction of any highway scheme.

**8. OTHER IMPLICATIONS:**

Area assessed:	Direct Implications:
Crime and Disorder	Set out below.
Sustainability (including Climate Change and Carbon Emissions)	Set out below.
Corporate Parenting/Looked After Children	No significant implications arising from this report
Safeguarding responsibilities for vulnerable children and adults	No significant implications arising from this report
Public Health	No significant implications arising from this report

8.1 Crime and Disorder implications

A well-managed highway network can contribute to a reduction in crime and disorder.

8.2 Sustainability implications

The use of sustainable materials and the recycling of materials is carried out wherever possible and appropriate.

**9. CONCLUSION AND RECOMMENDATIONS:**

9.1 The report sets out the proposed programme of highway works for Tandridge for 2021/22 – 2022/23, to be funded from the Local Committee’s devolved capital and revenue budgets. It is recommended that the Local Committee agree the programme as set out in section 2 and Annex 1 of this report
