RECOMMENDATION

Add to recommendation paragraph 153: 'subject to no objection from Southern Gas Networks Ltd and' so the full paragraph reads: That, pursuant to Regulation 3 of the Town and County Planning General Regulations 1992, planning application ref: **EL/2020/3112** be **permitted** subject to no objection from Southern Gas Networks Ltd and subject to the following conditions:

Southern Gas Networks Ltd were identified as needing to be consulted but were missed from the initial rounds of consultation. To address this, Southern Gas Networks Ltd has been consulted but their deadline to respond is 26 March (the day after committee). To ensure their response is included and considered as part of this application, the additional wording is required.

Add 'IMPORTANT - CONDITION NO(S) 4, 8, 12 AND 13 MUST BE DISCHARGED PRIOR TO THE COMMENCEMENT OF THE DEVELOPMENT.'

This addition is for clarity and to draw the applicant's attention to the relevant conditions that would need to be discharged prior to the commencement of development.

Condition 7 remove reference to bats in second sentence.

This is not required and the protection of bats is covered the CEMP condition 4.

Condition 9 remove ‘and retained during the construction phase of the development’.

This was copied over from another condition in error and is not required here or relevant to this condition.

Amend wording of Condition 10 to remove final sentence ‘In order to avoid any upward glare of light from the external lighting installed to minimise light spill outside the boundary of 10 Ashley Road, all external lights should be directed downwards.’

This is part of a draft reason included in the condition wording by error and is not required here.

Change wording of condition 18 to: ‘Prior to occupation, a scheme for secure, covered bicycle parking facilities shall be submitted to and approved in writing by the County Planning Authority, and thereafter the facilities shall be provided in accordance with the approved scheme, and retained and maintained for their designated purposes.’

This is for consistency in condition wording structure and to provide clarity on the requirements of the condition.

Add informative: The applicant is advised that as this development falls within Use Class C2, no householder permitted development rights as conferred by Part 1 of Schedule 2 of the Town and Country Planning (General Permitted Development) (England) Order 2015 (as amended) will exist. The location, general size and nature of the external storage, bin and plant enclosures shall be as described within the Design and Access Statement Rev P2 dated 17 February 2021, and any alternations to these structures may require further planning permission.

This informative is for clarity on the development being permitted and the position with PD rights.
