Written Question from Helen Whitcroft, Mytchett & Deepcut Councillor

Following residents' consultation Surrey County Council agreed to install double yellow lines outside Mytchett Heath, Mytchett Heath Road, Mytchett. This still has not been done some 12 plus months later. Please could you confirm the position with it including a completion date.

Written Answer provided

We are sorry for the delay in installing the agreed new restrictions for Surrey Heath, as part of the 2020-21 parking review. Several parking reviews across the county were ordered for installation towards the end of last year, and as the winter is a difficult period for lining, progress has been delayed. We are aiming to complete the Surrey Heath review lining before the end of March.
